## **CORPORATE PERFORMANCE REPORT 2022/23 QUARTER 3**

### **4.0 COMMENTS OF OVERVIEW AND SCRUTINY**

- 4.5 Councillor Gray observed that amber may be a more realistic indicator for Performance Indicator KA5 as it was optimistic to claim this project was on track.
- 4.6 It was further observed by Councillor Gray that some indicators had no set target which therefore made it difficult to ascertain progress. The Panel heard that this was acknowledged and that the targets and indicators would be reviewed with the introduction of the new Corporate Plan in the coming months.
