

## **1. PURPOSE OF THE REPORT**

- 1.1 To update members on the work that has been undertaken over the last twelve months to achieve the objectives in the Housing Strategy Action Plan.
- 1.2 The Covid pandemic has highlighted a number of inequalities over the last 18 months but the impact of housing inequality is one of the most apparent. Last year, the then Housing Secretary, Robert Jenrick acknowledged that the pandemic has highlighted “*the importance of having somewhere secure and comfortable to live*”. Some households experienced lockdown from homes with separate workspace, reliable Wi-Fi, affordable heating, insulation and gardens. Their experience of lockdown was therefore very different to those families living in overcrowded or damp homes with limited or no outside space.
- 1.3 It has long been accepted that there is a direct link between housing and health. The Healthy Urban Development Unit identifies decent and adequate housing as being critically important to health and wellbeing and the National Planning Policy Framework highlights the importance of ensuring safe and healthy living conditions. This is further summarised by Public Health England “*the right home environment is critical to our health and wellbeing; good housing helps people stay healthy, and provides a base from which to sustain a job, contribute to the community, and achieve a decent quality of life*”

## **2. WHY IS THIS REPORT NECESSARY?**

- 2.1 The table below contains the high level documents that the Council uses to set out objectives, priorities, and future delivery. The Housing Strategy sits within this suite of documents and supports the delivery of the Local Plan and the Community Strategy.
- 2.2 The action plan highlights areas of activity over the last year but also recognises areas of work which have not yet commenced. Some of this work has not started due to there not being an available resource but others like the delivery of one level exception site, the evaluation of alternative entry level housing and the barriers for delivery of starter homes have waited until the introduction of First Homes.
- 2.3 A policy on First Homes will be shared with members as soon as clarification has been received on the interpretation of the new legislation.

### 3. COMMENTS OF OVERVIEW & SCRUTINY

3.1 The comments of the relevant Overview and Scrutiny Panel will be included in this section prior to its consideration by the Cabinet.

### 4. KEY IMPACTS / RISKS

4.1 Clarity of Purpose – if the Council does not have an up to date strategy in place it makes it difficult to engage with potential partners and plan service delivery.

### 5. LINK TO THE CORPORATE PLAN, STRATEGIC PRIORITIES AND/OR CORPORATE OBJECTIVES

5.1 The Corporate Plan was agreed by Cabinet in September 2020. This includes housing objectives and targets for the coming year which should be regularly reviewed.

### 6. CONSULTATION

6.1 The action plan has been shared with officers and updates have been provided against the objectives.

### 7. LEGAL IMPLICATIONS

7.1 There is a statutory duty to provide a range of housing support.

### 8. RESOURCE IMPLICATIONS

8.1 In delivering the work outlined in the action plan there are implications for several council departments. The Council has now recruited to the role of Strategic

Housing Manager who has responsibility for the Action plan and will progress key actions that awaited their appointment.

## **9. HEALTH IMPLICATIONS**

- 9.1 Housing plays an important role in the health of residents and is included in the evolving Leisure and Health Strategy. As stated above in Section 1 the link between housing and health has long been accepted in relation to quality and condition, stability and security and affordability.

## **10. REASONS FOR THE RECOMMENDED DECISIONS**

- 10.1 The Council needs to have a Housing Strategy that is current and fit for purpose. The strategy identified 3 overarching priorities:

1. New Homes to meet the needs of Huntingdonshire now and in the future
2. Homes to enable people to live independent and healthy lives
3. Working in partnership to achieve shared objectives

When the strategy was approved it was agreed that due to Covid the focus would be on objectives that could be achieved within a one year action plan. It is necessary to acknowledge the good work achieved to date and to look to strengthen this work and also achieve the other objectives within the plan over the next four years.
