<p>I have been considering the application, particularly the conditions and I think there is room to tighten things up with the wording so as to avoid any ambiguity and to add some additional control measures.</p> <p>Please have a look at the attached document with my proposed changes and additional conditions. I am aware there has been a meeting with some local residents, and changes and agreements have been made, but as yet I am not aware of any details of that. <b>*These conditions can be found in Appendix E</b></p>

I confirm I am happy the amended timings and agreed conditions are suitable and sufficient to ensure the premises are able to meet their responsibilities and promote the licensing objectives.
