<b>HFG/31/2025</b>	<b>Huntingdon Sea Cadets Minibus</b>		<b>£2,000.00</b>
<b>Huntingdon Sea Cadets</b>	A project to continue to keep their existing minibus on the road. This is a vital lifeline to allow the cadets to access events across Huntingdon and further afield. On a weekly basis, this allows them to take cadets to experience boating at Thrapston boat station to gain RYA qualifications alongside their unit-based training.	They are a cadet group providing a safe environment to develop skills based on the Royal Navy traditions, allowing access to real world qualifications in boating and various other subjects.	
<b>HFG/32/2025</b>	<b>Southoe Village Hall Event: June 2025</b>		<b>£2,500.00</b>
<b>Southoe Village Hall</b>	They are holding a grand opening of the refurbished playground with food and games for adults and children. They will have painted the playground, installed a pétanque ring, and purchased more outdoor play equipment e.g. footballs, cricket bats, tennis racquets.	The village hall committee organise functions for the local community. They are currently redecorating the hall and installing a new kitchen and disabled toilets. It has a children's playground attached which they are improving. They are now attracting more new families and children to use the hall and facilities. Their most recent function was the Easter egg hunt and games around the hall. This attracted a lot of new children and parents to the function, with comments saying it is the best function the hall has put on. They aim to build on this to give the community a choice of what they want to do with the type of functions they require. This makes the hall all-inclusive in the future.
