

Cambridgeshire Housing Adaptations & Repairs Policy

Summary of Policy

INTRODUCTION

This policy is aimed at helping people in Cambridgeshire to live safely and independently at home.

This version of the policy applies to people living in the areas covered by:

- **Cambridge City Council**
- **Huntingdonshire District Council; and**
- **South Cambridgeshire District Council**

(Separate documents are available for residents of East Cambridgeshire and Fenland District Council areas. Their versions of the policy are largely the same as this one, but with some slight differences).

There are separate arrangements, outside of this policy, for adaptations for council tenants of Cambridge City and South Cambridgeshire District Councils. See page 3 below for contact details.)

Types of financial assistance

The policy includes four types of financial assistance – in the form of grants or loans - which may be available to disabled people and those on low incomes:

1. Mandatory **Disabled Facilities Grants (DFGs)** to provide disabled adaptations in people's homes
2. Discretionary **Top Up Assistance** where the cost of works agreed through a Disabled Facilities Grant application is above the statutory maximum amount – currently set nationally at £30,000 (may be subject to change).
3. Discretionary **Relocation Assistance** to help disabled people to move to a more appropriate home; and
4. Discretionary **Special Purposes Assistance** for repairs, or other minor works or interventions in the home.

The tables below on pages 4 to 7 below give more detail on each of these.

The funding available to the council may also be used to fund wider partnership projects or other services to meet the objectives of the policy.

Objectives of the policy

The key objectives of the policy are:

- To support healthy, safe and independent living
- To help prevent hospital, care home or residential school admission
- To facilitate a patient being discharged from hospital and enabling them to live safely and independently at home, including making it easier for carers to provide support
- To prevent the need for higher expenditure elsewhere in the health and/or social care system
- To improve housing conditions and remove hazards in the home (ie Category 1 hazards under the Health & Safety Rating System)

Further information and how to apply

Your council or local Home Improvement Agency, Cambs HIA, can help you to apply for financial assistance.

If the grant or loan is to pay for work to be done in your home, the Home Improvement Agency can also arrange for that work to be carried out on your behalf.

If you need help to coordinate adaptations which would help to meet the objectives of this policy, but are not eligible for a grant or loan, Cambs HIA may be able to help you to have work carried out as a private customer.

As part of considering any application, there is likely to be an initial discussion with you on whether, if you are offered financial assistance, your home is likely to remain suitable for you in the longer term. As part of this discussion you may, if appropriate, be pointed towards advice and help in thinking about longer term housing options.

The district councils have a statutory duty to provide Disabled Facilities Grants to those who need them. However, the extent to which the other three discretionary forms of assistance can be offered will depend on both the individual's needs and the resources available.
