

**Huntingdonshire District Council**  
**Annual Governance Statement 2019/20**

---

**Scope of Responsibilities**

Huntingdonshire District Council (the Council) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and provides value for money. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. That duty has grown in importance with the reduction in resources being made available for Local Authorities as part of the Government's on-going austerity programme.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, which include the arrangements for the management of risk, whilst facilitating the effective exercise of its functions.

The Council has established governance arrangements which are consistent with the seven principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) Framework – Delivering Good Governance in Local Government. It has adopted a Local Code of Corporate Governance. The Annual Governance Statement sets out how the Council has complied with the Code and also meets with the regulation 4(2) of the Accounts and Audit Regulations 2015.

The Council meets the requirements of Regulation 6(1) b of the Accounts and Audit (England) Regulations 2015 in relation to the preparation and publication of an annual governance statement. It is subject to review by the Audit Committee when they consider both the draft and final Statements of Account and is approved by the Audit Committee in advance of them agreeing the Statement of Accounts.

The Council's financial management arrangements are consistent with the governance requirements of the Statement on the Role of the Chief Financial Officer in Local Government (2010). The principles being that the Chief Financial Officer:

- Is actively involved and is able to bring influence on the Authority's financial strategy;
- Leads the whole Council in the delivery of good financial management;
- Directs a fit for purpose finance function;
- Is professionally qualified and suitably experienced;
- Is a key member of the Corporate Management Team.

The issues identified as a significant governance issue and the progress made by management throughout the future financial year 2020 / 2021 to address these issues will be reported regularly to the Audit Committee with an assessment made in reducing the risk as part of their governance role within the Council.

---

**The Purpose of the Governance Framework**

The governance framework comprises the systems and processes, culture and values by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads its communities. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money. It also enables the Council to demonstrate to the public that it has effective stewardship of the public funds it is entrusted to spend.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level consistent with the risk appetite of the Council. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at the Council for the year ended 31 March 2020 and up to the date of approval of the statement of accounts.

---

**The Governance Framework**

The Council's strategic vision and corporate priorities are set out in the Corporate Plan 2018 - 2022. The control environment encompasses the strategies, policies, plans, procedures, processes, structures, attitudes, and behaviours required to deliver good governance to all.

## What is Governance?

---

Governance generally refers to the arrangements put in place to ensure that the intended outcomes are defined and achieved.

The Council approved a new local Code of Corporate Governance in July 2016. It is consistent with the seven principles set out in 'proper practice' for the public sector, namely 'Delivering Good Governance in Local Government: Framework' published by CIPFA/SOLACE<sup>1</sup>.

The Council aims to achieve good standards of governance by:

1. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.
2. Ensuring openness and comprehensive stakeholder engagement.
3. Defining outcomes in terms of sustainable economic, social, and environmental benefits.
4. Determining the interventions necessary to optimise the achievement of the intended outcomes.
5. Developing its capacity, including the capability of its leadership and the individuals within it.
6. Managing risks and performance through robust internal control and strong public financial management.
7. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

The overall aim of the local Code of Corporate Governance is to ensure that:

- resources are directed in accordance with agreed policy and according to priorities.
- there is sound and inclusive decision making.
- there is clear accountability for the use of those resources in order to achieve desired outcomes for service users and communities.

Underpinning the Code is the Council's commitment to equality of opportunity in its approach to policymaking, service delivery and employment.

## How do we know our arrangements are working?

---

This statement builds upon those of previous years. Many of the key governance mechanisms remain in place and are referred to in previous statements which are available on the Council's website. The local Code of Corporate Governance (as at May 2018) is also available on the website and describes in more detail the governance processes in place.

The review of effectiveness was informed by the work of the Senior Management Team, who are responsible for the development and maintenance of the governance environment, the Internal Audit & Risk Manager's annual report and comments made by the external auditors.

- Effective joint working arrangements

## **Governance impacts**

---

Whilst traditionally this Statement has contained issues for which the Council is wholly responsible. It became clear that there were also a number of overarching external issues that were regularly informing and influencing the budget, performance and service delivery discussions the control and direct influence over which at both Member and Officer level lay outside of the Council. Consequently, an inward only looking Statement did not feel adequate to address all the risks that are faced by the Council which may have the potential impact to the authority and the achievement of its objectives.

Six themes were identified as part of this review to reflect a more strategic outlook. These Six themes have been chosen as representing our best view of the risks that challenge our financial stability and ability to deliver on our objectives. As the needs of our communities and decisions of our partners directly impact on our resource and demand profiles. However, they have been joined by a sixth issue, that of the environment and our collective responsibility to ensure that our actions and behaviours do not cause irreversible harm.

Progress made across the themes in 2019/20 is outlined in the Statement together with the actions planned for 2020/21. The impacts of Covid-19 experienced in 2020/21 have accentuated the significance of the themes in this AGS, presenting the consequences of some of the previous identified system risks, and additional activity has been undertaken to further meet these challenges and mitigate the long term impacts on our communities, Huntingdonshire as a place and its economy.

## **Review of Effectiveness**

---

The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the Directors and Heads of Service within the Council who have responsibility for the development and maintenance of the governance environment, the Annual Internal Audit Opinion, and also by comments Huntingdonshire District Council's Statement of Accounts 2019/20 made by the external auditors and other review agencies and inspectorates. During 2019 / 2020, the works undertaken by the Internal Audit team was sufficient to be able to form the view for the Annual Internal Audit Opinion that there was an **adequate** governance framework from which those charged with governance could gain reasonable assurance, with a caveat that due to the decreased resources available, a limited number of audits were conducted and full audit coverage across the Council was not achieved; therefore an 'adequate assurance' opinion can only be given in respect of the assurance gained from those audits conducted and does not represent the wider Council.

The Council's Constitution details Directors' responsibilities for the maintenance of controls within their departments. The system of internal control is subject to regular review by Internal Audit. The work of the service is informed by the Council's risk register, with the allocation of audit resources controlled through an annual risk- based operational plan, which is agreed by Corporate Governance Committee.

In addition to these arrangements the Council receives and responds to reports from other review and assurance mechanisms.

An External Audit of the account's year ended 31 March 2019 undertaken by Ernst and Young was reported to the Audit Committee which concluded the accounts and working papers for the 2018/19 closure process were of high quality. HDC assures it financial controls through an internal audit team and a programme of internal audit activity. Extended periods of absence within the team has limited the delivery of the audit programme, the table below provides a summary of audit activity undertaken last year. A full review of the internal audit function is underway and whilst an additional resource has been agreed for this year to give confidence to the audit plan for 2020/21, the overall resources/number of days will be much decreased for the year notwithstanding any further impacts of COVID, including the expected second wave. The effect of the pandemic this year has meant that IA resource has been redeployed to more urgent financial business and as such, BAU IA activity has been suspended temporarily. Future plans for Internal Audit are being developed, using appropriately directed resource, a holistic and end-to-end engagement and a more risk and outcomes-based approach will deliver a greater impact and VfM output from internal assurance.

## Internal Assurance Activity

Audit reports issued are listed in the table below - grouped by assurance opinion and showing action type and number of actions.

Audit area	Action type & No.	
	Red	Amber
<b>Substantial</b>		
Disabled Facilities Grants	0	0
Protocol Policy Mgt System	0	2
<b>Adequate</b>		
Staff Recruitment *	0	12
Housing Benefit 18.19	0	6
S/w and H/w Asset Management	0	8
Network Access Control	1	4
Network System Resilience & Availability	0	3
<b>Limited</b>		
Purchase Order Compliance *	0	9
Lone Working *	1	5
Delivery of Capital Schemes	0	0
<b>No opinion given</b>		
GDPR (update only)	---	---
Land Charges 18.19	0	4
* Draft reports (status as at 31/03/2020).		

A number of internal audit reviews from the 2019/20 plan are still underway (but work was paused due to the COVID situation). Additional work was carried out on the following audit reviews without a report:

Enforcement Policy  
Dashboard/Sickness  
achievement of KPIs  
Maintenance Schedule Planning

The assurance opinions given on the remaining key financial systems are set out in the table below.

Audit area	Level of assurance				Action type & No.	
	Substantial	Adequate	Limited	Little	Red	Amber
*Council Tax		✓			-	-
*Non-Domestic Rates		✓				
*Housing Benefits – payments		✓			-	-
– recovery		✓			-	-
*Main accounting system		✓			-	-
*Accounts payable (Creditors)		✓			-	-
*Accounts receivable (Debtors)			✓		-	-

\* These audit reviews were undertaken for quarters 1-3 but quarter 4 was not undertaken due to COVID/redeployment of resources. Consequently no end of year opinion and audit actions were provided for each of the areas and the above level of assurance is taken from Q1-3 work only.

## Significant Governance Issues 2019/20

The Annual Governance Statement identifies governance issues and risks for the Council to address.

Area of Assurance	Issue/Gap	Action Plan Proposal
<b>Risk Management</b>	RM is not fully embedded and functional within the Council in an effective way. The risk register requires revision and update otherwise it is at risk of being unreliable/unusable.	<ul style="list-style-type: none"> <li>Service Plans will be redesigned to incorporate risk management.</li> <li>The risk register will be reinvigorated and redesigned before roll out to Services</li> <li>Internal audit reviews of top risks highlighted by management</li> <li>Longer term – potential audit review of RM</li> </ul>

<b>Lone working</b> (red action in an audit report):	The Council lacks a corporate lone working procedure that is robust and effective. H&S legislation requires us to protect our employees at work. A lack of protocol over lone workers could risk employees' safety and a breach of legislation.	<ul style="list-style-type: none"> <li>• Ownership to be appointed.</li> <li>• To investigate lone worker systems that can operate within its 24 hour CCTV function.</li> <li>• A suitable system/procedure to be implemented to protect all officers who lone work off site.</li> <li>• Internal Audit to carry out a follow up review to ensure operation and compliance once installed.</li> </ul>
<b>Head of Internal Audit</b>	The resignation of the Internal Audit Manager affects the resourcing of the statutory Internal Audit service. This impacts on the provision of an annual Audit Opinion.	<ul style="list-style-type: none"> <li>• An Acting Internal Audit Manager has been appointed. This employee is an existing internal auditor at the Council and is MIIA qualified.</li> <li>• Restructuring of the function to take place to ensure adequate resourcing levels.</li> </ul>
<b>GDPR</b>	Progressive action towards GDPR compliance and monitoring has not been sufficiently robust since the Regulations' effective date. This puts the council at a greater risk of a potential non-compliance with GDPR legislation, a data breach, penalty fine and reputational damage.	<ul style="list-style-type: none"> <li>• Information Governance team has carried out a gap analysis review across the Council.</li> <li>• Work to be done to ensure data protection training and awareness.</li> <li>• A planned Internal audit [follow up] review to assess compliance.</li> </ul>
<b>Network Access Management Control</b> (red action in an audit report):	The audit found that user accounts may not be regularly reviewed and monitored (by HR or systems owners) leading to leaver, inactive or dormant accounts.	<ul style="list-style-type: none"> <li>• Agreed that HR management would assign ownership to line managers to review the network accounts that do not match to payroll listing.</li> <li>• Agreed that line managers/Heads of Service would perform a regular review of all staff in their service as going forwards.</li> <li>• Progress to be monitored by Internal Audit.</li> </ul>
<b>Procurement function</b>	Resignation of the Procurement Officer in March 2020 leaves the council with no Procurement support function. Absence of a procurement function for advice has meant Services had to procure without assistance and put compliance more at risk.	<ul style="list-style-type: none"> <li>• The AD for Corporate Services has forged a good relationship with the Procurement Officer of a neighbouring authority which was used for support and advice where needed in the interim and going forward.</li> <li>• The recruitment of a Procurement Officer was agreed.</li> <li>• Subsequent appointment of an experienced procurement officer took place in September 2020.</li> </ul>
<b>Delivery of capital schemes</b>	An audit review found that there several issues relating to governance, capability, capacity and delivery, and commissioning.	<ul style="list-style-type: none"> <li>• Appointment of a Programme Delivery Manager took place in 2020.</li> <li>• Many programmes and projects are already underway</li> <li>• Internal Audit to carry out a follow up review.</li> </ul>
<b>Audit reports outstanding</b>	There has been difficulty in obtaining replies by Services to draft audit reports. These reports highlight weaknesses and risks found in a system and if they remain not responded to and no actions are implemented to address the risks, then the risks potentially remain and assurance cannot be given.	<ul style="list-style-type: none"> <li>• Audit Manager has advised senior management of such outstanding reports.</li> <li>• A new Risk &amp; Controls Board has been developed which now formally reports these issues to Corporate SLT for action.</li> </ul>
<b>Information Governance Training</b>	The ability to monitor which staff have completed which training courses needs improvement. Decisions on mandatory training and frequency of courses needs to be decided. There is a risk that	<ul style="list-style-type: none"> <li>• New Information Governance Manager in post</li> <li>• IT and IG policies are being reviewed</li> <li>• IG training modules are being reviewed</li> <li>• Ownership of training attendance to be assigned</li> </ul>

	employees may not have sufficient training or awareness.	<ul style="list-style-type: none"> <li>• A system for monitoring all training</li> </ul>
<b>Covid-19 risks, levels of debt, loss of income etc</b>	<p>Since mid-March 2020, the Council has diverted its resources to focus on providing active support across Huntingdonshire as part of its response to Covid-19. There is a risk that costs incurred outweigh the levels of funds received from Central Government. Emergency procedures put in place need to be reviewed to ensure that effective governance is in place to protect Council / users etc</p>	<ul style="list-style-type: none"> <li>• Assess 2020/21 budget and income streams for non-deliverable items and link to overall 2020/21 Financial monitoring and the 2021/22 MTFS requirements.</li> <li>• Robust risk management processes followed to ensure effective monitoring of key risks whether relating to response to Covid-19 or return to business as usual.</li> <li>• Gold, Silver and Bronze command were stood up to manage critical responses/issues in response to the pandemic.</li> </ul>

### Opinion

After conducting a review of the governance arrangements across the Council and overall compliance with the Council's Code of Corporate Governance, we are satisfied that the arrangements are effective.

We are also satisfied that this statement allows the Council to meet the requirements of the Accounts & Audit (England) Regulations 2015, to prepare an annual governance statement to accompany the 2019/20 Annual Financial Report.

### Certification

As Leader and Chief Executive, we have been advised on the implications of the results of the review of effectiveness of the Council's governance framework, by the Audit Committee and Cabinet.

Our overall assessment is that the Annual Governance Statement is a balanced reflection of the governance environment and that an adequate framework exists within Huntingdonshire District Council to ensure effective internal control is maintained. We are also satisfied that there are appropriate plans in place to address any significant governance issues and will monitor their implementation and operations as part of our next annual review.

**Appendix to**  
**Annual Governance Statement 2019/20**

**Themes**

---

**Housing Affordability**

*Leading to homelessness and constraining growth.*

---

This issue is one which impacts on the Council's ability to deliver the Corporate Plan primarily through the escalating financial consequences of homelessness. Furthermore it also has a bearing on the mobility of the local labour market, on inward investment and business growth opportunities. For the Council as an employer it also hampers our ability to recruit and retain suitably experienced and qualified staff.

<b>2019/20 actions</b>	<b>2020/21 actions</b>
-- Adopt a housing strategy which establishes the formal basis for housing delivery across the district.	✓
✓ Complete a formal review of homelessness within the District to inform the development of an updated Homelessness Strategy.	--
✓ Continue to work with other agencies to enable earlier risk-based interventions for those individuals whose circumstances mean that they are vulnerable to homelessness.	✓
✓ Developing new delivery options to secure affordable homes within the District, using Council assets to provide alternatives to the market delivery homes where necessary.	✓
✓ To bring forward formal Scrutiny recommendations for the acceleration of supply of new affordable and accessible housing stock across the district.	--
Working with third parties to explore partnership models to bring forward new solutions to the delivery of all types of housing to meet local needs.	✓

**2019/20 achievements**

The Council has developed a series of early intervention approaches, seeking to identify future housing need and address the root cause at the earliest possible opportunity. These include the delivery and continued support of the multi-agency housing trailblazer, intervening immediately on a safeguarding issue being identified to address housing needs. The new homelessness reduction act duties continue to be used proactively, and supported by broader work across the council to identify those at risk, or long term future risk of homelessness, and using appropriate pathways, such as employment support and budgeting to seek to build individual capacity and address the underlying need.

The Council has worked to proactively use Discretionary Housing Payments (DHP) to deliver the best possible outcome and reduce the strain on the public purse, by preventing expensive and disruptive outcomes. This has included assisting those who may be at risk of homelessness. There has been some innovation in the use of DHPs. For example, someone living in social housing and in rent arrears due to having their housing benefit payments reduced due to living in a property that had a spare bedroom (and classed as being under-occupied) have been supported in clearing their rent arrears and in moving to a smaller property. This freed up a property whilst reducing the possibility of future financial problems for the tenant.

A pathway has been established with Criminal Justice partners that allows for the early notification of the release of offenders so that potential employment opportunities and other appropriate support can be identified. A key group at risk of homelessness.

The Council is increasingly working to focus services around the need of the community, rather than traditional service delivery siloes in the Huntingdon North ward, all public service agencies are working alongside the community and voluntary groups to identify those who are vulnerable and may become homeless. The group is supporting a number of community groups with the intention that residents can develop and take responsibility for these initiatives themselves. This work has informed the response to Covid, focussing on proactive prevention and support.

Proposals for housing making use of a number of surplus land sites to support the provision of affordable housing have been progressed, and will link to the forthcoming Housing Strategy.

## Morbidity/Growing number of years of ill health

*Impacting on people's ability to be self-reliant and generating additional cost through support needs.*

---

Increasing pressures are being felt by many parts of the public service system, primarily through the growing demand on support costs, a rise in complex individual cases which cuts across many service providers, through such things as disabled facilities grants and personal care costs. This is not something that any single agency has total responsibility for, and it requires joint working to deliver effective solutions focussing on wellbeing and life choices as well as housing, open spaces, transport infrastructure and the design of place.

The costs of dealing with ill health and the increased risk of other complications caused by ill health, constitutes a major financial challenge to all public sector agencies. Decisions made to support these needs, often impact HDC as we see these decisions create direct and indirect financial challenges for the Council, including disabled facilities grants but also situations where those who are not able to remain economically active rely on more assistance. The increasing number of years of ill health experienced by the population, combined with Huntingdonshire's aging population make these factors areas of continued focus for HDC.

Underlying health factors such as frailty, excess weight, or other underlying health condition have been indicated as increasing the chances of poor Covid-19 outcomes.

### 2019/20 actions

- ✓ Use our leisure services to encourage healthier lifestyles through engaging people of all ages in activities to improve health.
- ✓ Pilot new ways of working within localities with local communities and other agencies to deliver tailored solutions to issues within defined communities.
- ✓ To bring forward formal Scrutiny recommendations on how the Council can support improved community health outcomes through its task and finish work. Maybe update with a focus on Health and Wellbeing strategy
- ✓ Pilot new ways of working within localities with local communities to deliver improved infrastructure that promotes cycling and walking
- ✓ Adoption of a 'Healthy Open Spaces Strategy' to optimise the provision and use of the Council's green open spaces, parks and play areas to encourage healthier lifestyles through engaging people of all ages in activities to improve health.
- Investing in our parks and green spaces to provide for open areas for leisure and activity, including in our 3 largest market towns

### 2020/21 actions

### 2019/20 achievements

---

More People, More Active, More Often has been adopted as the key objective for our One Leisure service, as we seek to maximise the use of our award-winning leisure facilities.

The Council's new 'Healthy Open Spaces Strategy' due to be adopted in the coming year has been informed by significant public and stakeholder engagement, and lays out the principles for developing our open spaces to engage residents and boost the health benefits of our open spaces. This links closely to the work we are doing with partners on the development of the proposals as part of the Future Parks Programme. Business case developed and approved for increasing the use of Hinchingsbrooke Country Park (HCP) with a clear vision to ensure that more people use this key health asset, whilst reducing the amount of subsidy the site needs. An outline case for the further enhancement of Paxton Pits has also been prepared. The business case seeks to secure and enhance open free space as a key route for activity for all residents as evidenced by over 500 people attending a free park run at HCP.

In January 2019 Active Lifestyles launched the ESCAPE<sup>2</sup> pain management rehabilitation programme aiming to help people with osteoarthritis and chronic joint pain, self-manage their condition

Section 106 agreements continue to be negotiated with developers towards the provision of recreational spaces and their future up-keep. This has become more challenging as the planning system required the Council show that there is a demonstrable demand for play provision in order for contributions to be secured

---

<sup>2</sup> ESCAPE Pain stands for Enabling Self-management and Coping with Arthritic Pain through Exercise. ESCAPE Pain is endorsed and supported by NICE, British Society of Rheumatology, Royal Society of Rheumatology, Royal Society of Public Health, Charters Society of Physiotherapy, Arthritis Research UK, Arthritis Research UK, and the Academic Health Science Network.

## Wider economic environment

*Impact of Commercial Investment Strategy/Business rates receipts and level of need from residents.*

---

The Council's financial robustness is closely linked with the success of the overall local economy, driven in large part to a prosperous commercial sector. This supports the delivery of one of our key Corporate Plan strategic priorities – delivering sustainable growth across the District. The Council is making tactical investments in the property market and is determined to support the conditions for economic success to support a vibrant economy and positive community outcomes. Ultimately external economic factors do directly impact on the Council's financial plans and forecasts for new homes bonus, council tax and business rates incomes, and the level of demand for our services. We take our role on supporting the conditions for stable growth very seriously.

During Covid-19 we have, like others, administered the Government's business grants programme, using information we hold to quickly distribute funds in the most effective way, to ensure we support a quick local economic recovery.

2019/20 actions		2020/21 actions
✓	Use the Council's Commercial Investment Strategy to support the local economy.	✓
✓	Maintain and enhance the Council's existing commercial estate to provide value accommodation for local businesses.	✓
--	Use of data to target our engagement and support of local business particularly in key clusters.	✓
✓	Refocus our economic development activity to support new and emerging sectors in our economy, to create the environment within which new business can thrive.	✓
✓	Following the adoption of the Prospectuses for Growth for the four main market towns to focus on transformational interventions that make the most of opportunities unique to each town, creating new jobs, stimulating economic growth, improving productivity and raising aspirations in and around each town.	✓
✓	To work creatively with key industrial sectors to create pathways for growth and linkages to skills and training provision.	✓

## 2019/20 achievements

The Local Industry Strategy is supported by a Combined Authority delivery plan with which the Council is collaborating. The strategy considers how the Council can assist in developing both the local economic environment and a skilled workforce to work within it, focussing on key opportunities for growth. HDC continue to pursue an active role in OxCAm Arc supporting planned economic growth across the corridor to 2050.

A 'Better Business for All' pilot is underway which has been developed via funding from the Ministry of Housing, Communities and Local Government (MHCLG). The pilot is a means by which the Council can engage with the local businesses and deliver the support they need to grow. Active work is underway to implement a local business CRM to ensure that we better understand and are able to support local businesses growth objectives, and activity around supporting town reopening and campaigns to support local businesses will continue.

Property acquisitions continue to be made within the District under the Commercial Investment Strategy, supporting local employment and our local 'offer'. The refreshed Commercial Investment Strategy and other place strategies will further define our commitment to supporting local growth.

In Q3 2019 HDC was awarded £150k by MHCLG to undertake a feasibility study to investigate economy-led regeneration in St. Neots. The Final Business case to be submitted to MHCLG by 31st July 2020. If successful, will see HDC awarded in excess of £6m to deliver a new commercial and community campus in a riverside setting, a revised culture offer, improved public realm, and new homes.

Working with a number of partners the Council is involved in the St Neots Smart Town initiative. Whilst the initiative is at an early stage, the intention is that by using data and emerging technologies to address transport and connectivity challenges it will help provide information that will influence the behaviours of residents and businesses.

The Council is an active partner in the 'Connecting Cambridgeshire' (CoCam) project which is in the process of investing approx. £25m in improving the digital infrastructure (superfast broadband, full fibre, public access wi-fi and 5G mobile coverage) across Cambridgeshire and which is a key factor for economic investment decisions by businesses.

## Skills level and educational attainment

As a means by which residents are able to attract profitable work and in attracting employers to the area.

It is important that all young people can fulfil their potential and become active citizens with meaningful and valuable work. Furthermore, the workforce within the area needs to be supported to continue to gain meaningful employment and meet the demands for new skills in the labour market. This is particularly true to ensure we are able to support our residents to respond to the impacts of Covid, and to ensure the growth we see in Huntingdonshire being in high value adding sectors. In turn this will also contribute to the area's reputation for attracting inward investment and so grow and thrive. Finally, skilled and flexible workforces who possess digital skills will allow the Council to transform its current delivery models and offer new methods of service delivery. Post Covid activity will also be undertaken to ensure our working age population are able to respond to changes in local employment, and benefit from co-ordination of activity around gaining the skills needed within the local economy.

2019/20 actions		2020/21 actions
--	Endorse a digital strategy for the area, to ensure that the needs of Huntingdonshire are properly understood and laid down to support the skills and economic growth agenda.	✓
--	Work with local businesses to understand and support their growth and recovery plans, and skills needs.	✓
✓	Support apprenticeships, directly as an employer, but also through our supply chain and through promotion with local businesses.	--
✓	Continue to engage with schools through local careers fairs and EDGE, but also through fostering direct links between employers and educational institutions.	✓
✓	Work to create pathways from local communities and schools to colleges and institutions such as iMet which support the development of skills required by the future economy.	✓
✓	Develop and enhance our commitment to social value, and seek to encourage other local employers to do the same.	✓

### 2019/20 achievements

Work has also taken place with key local schools and colleges, including the iMet in Alconbury to support pathways for young people into fulfilling long term careers.

Safeguarding training for taxi drivers has been provided, ensuring good service, and supporting a vibrant wider economy.

Over sixty-one Leisure employees have obtained or are being trained to become qualified lifeguards. Lifeguarding posts are an entry level position for many staff and obtaining the qualification is the first steps towards a career in the leisure industry.

The Council was represented at the third annual school careers fair at Wood Green in December 2019 and also supported its organisation, supporting the development of long-term careers for the areas young people.

Limited benefits have been obtained to date from suppliers delivering a social value benefit (i.e. creating opportunities for the long-term unemployed or other disadvantaged groups, apprenticeships or other environmental or community benefits) to the District when being awarded contracts of a significant value.

The Council addressed this by introducing in February 2019 a requirement that social value considerations be including in all contracts over £100k.

## Partner agency operational pressures

*Financial challenges of partners impacting on demand for our services or reducing existing support.*

---

There is evidence to suggest that as parts of the public sector reduce their input into communities, that the demand transfers to other agencies. In Huntingdonshire whilst partners work well together there continues to be the challenge of controlling additional demand and the corresponding budget pressures that it brings. Elsewhere financial pressures in one sector, have had significant financial and capacity impacts on the authority.

The impact of Covid has further emphasised these challenges, as the demand and income pressures generated by Covid-19 have begun to impact. Collective work on recovery to properly understand the links between cause, and financial impact will be central and driven through shared recovery activity across all public sector partners.

### 2019/2020 actions

Share budget planning activity with other public agencies to guard against unintended consequences of financial decisions.

Continue to engage with near neighbours, particularly the County Council and health services to understand how best we can complement each other's activity

Work closely with partners to understand the triggers and impacts of decisions on partners, and seek to proactively prevent costly crises, and deliver better outcomes.

Use evidence to undertake targeted outbound contact with those residents that need it, and develop new ways of working which ensure that public services become more agile in responding to changing circumstances.

Recognising that residents needs to not map neatly to organisational boundaries, establish multi-disciplinary teams (or digital services) with partners, where the evidence shows that these will better help us achieve our objectives.

### 2020/21 actions

### 2019/20 achievements

---

There was engagement with Cambridgeshire County Council about their proposed 2019/20 budget and the likely impact service cuts would have upon the District. The County Council understand that the Council is willing to work collaboratively both with themselves and other agencies to consider alternative ways of working.

Strategies such as the parks and open spaces strategy, the Hinchbrooke Country Park business case, and the work in health absolutely links local activity with the wider benefits of improved physical and mental health, reducing partner demand, but also helping people to remain independent for longer, reducing future HDC costs.

We have worked with local GP practices and developed a health portal which is implemented in GP practices. It enables customers to access services around the common needs of GP patients, recognising the role of wider determinants of health. The advantage to the Council is earlier visibility of issues around housing, benefits and greater likelihood of addressing complicating factors such as isolation and mental health challenges. Reducing high cost demand, and poor outcomes. A similar portal which makes it easy for residents to navigate all services they need, irrespective of agency, is also live in the Oxmoor community.

We have worked proactively to demonstrate that proactive interventions deliver more substantial savings in the long term than merely making short term cuts to services.

In conjunction with other agencies, the Council is involved in looking to reduce the costs of responding to incidents of crime in the Huntingdon North ward which is estimated to cost the agencies £8m/annum to deal with.

## Environmental pressures and sustainability challenges

### *Challenges to the long-term sustainability and attraction of our area.*

---

There is growing recognition of the significant consequences of a failure to properly account for human actions, and wider climactic events which are becoming increasingly common. The national risk register includes flooding and severe weather events as risks that as a country we should prepare for. We also recognise the health impacts of pollution and poor human behaviour in terms of pollution and improper handling of waste as key challenges to the beauty and sustainability of our area.

2019/20 actions		2020/21actions
✓	To maximise the recycling rate within our district, seeking to reduce contamination, and deliver the highest possible rate of recycling and reuse of our recycled materials.	✓
✓	Develop proposals around improving the movement around the district, by way of modal shift and improved public transport. To promote sustainable transport options, including the provision of charging points for electric cars, and through encouraging walking and cycling as safe and practical alternate travel options.	✓
✓	To ensure the Digital agenda remains at the core of new infrastructure projects, allowing for flexible working where possible, minimising the need for am/pm peak travel.	✓
✓	Maximising the use of renewable energy technology in all suitable locations across the Councils assets and achievable land opportunities, and pursue technologies that allow us to minimise use of utilities.	✓
✓	Ensuring new residential developments are environmentally sustainable and make best consideration of key environmental factors during both the design and build stage and ongoing liveability.	✓
✓	Maximising the impact of our green space, by investing in and expanding green spaces across the district and seeking to achieve net-gain biodiversity where possible..	✓
--	Implementing a strategy to limit single use plastics across our estate. Removing such items from our cafes.	✓
✓	Working with parish and town councils to ensure that Neighbourhood Plans reflect the growing environmental and sustainability agenda.	✓
--	Working to understand our communities' ambitions on the sustainability agenda and supporting this through the way we undertake our business.	✓
--	Work with the CPCA to frame and deliver the ambition of the Climate Change Commission and the Electric Vehicle strategy.	✓

### 2019/209 achievements

Initial scoping work has taken place to establish how the District Council can contribute to this agenda and developing opportunities to take this forward as outlined above.

Sustainability considerations form part of the District's Parking Strategy and form a new part of the newly adopted Local Plan to 2036.
