

Appendix A

Corporate Performance Summary 2020/21, Quarter 3

People

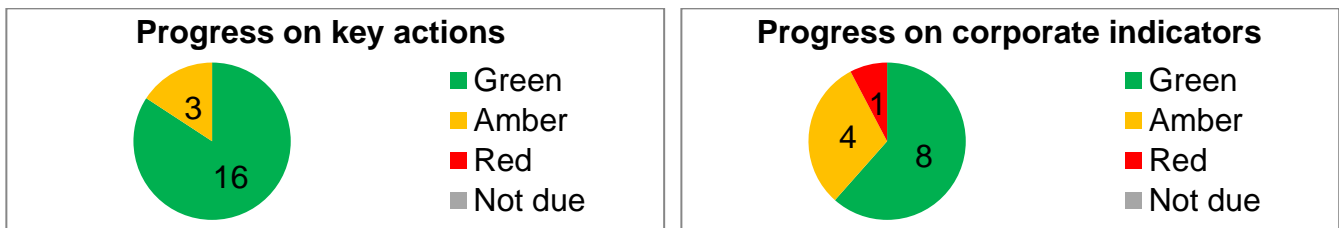

We want to make Huntingdonshire a better place to live, to improve health and well-being and for communities to get involved with local decision making

Highlights include the approval in October of a Healthy Open Spaces Strategy and Plan to maximise the health benefits of the Council's Parks and Open Spaces.

Place

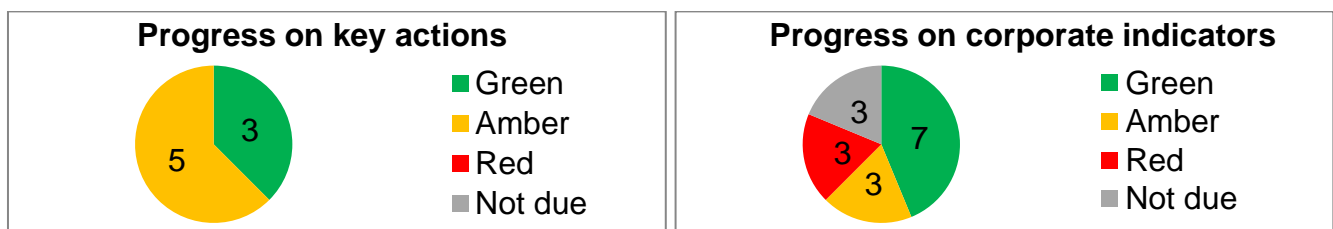

We want to make Huntingdonshire a better place to work and invest and we want to deliver new and appropriate housing

Highlights include the announcement on Boxing Day that over £3.7m had been awarded for St Neots from the Future High Streets Fund.

Becoming a more efficient and effective council

We want to continue to deliver value for money services

Highlights include the staff sickness rate remaining low, with just 3.8 days lost per Full Time Equivalent from April to December (note: this excludes non-sickness absences related to Covid-19, such as those required to shield or isolate who were unable to work from home).
