Corporate Governance Committee

Chairman's Annual Report to Council

for the year ending 31st March 2021

Introduction by the Chairman of the Corporate Governance Committee

This report summarises both the Committee's activities during 2020/21 and issues that arose in that financial year. It is intended to:

- reassure the Council and other stakeholders that it is undertaking its responsibilities properly and in a way that allows it to exercise effective oversight; and
- demonstrate to the Districts residents and other stakeholders the importance that the Council places on good governance, openness and probity in public life. The report sets out the contribution the Committee makes to achieving those aims. The Committee's meetings are open to the public and its report are available on the Council's website.

This report is my first as Chairman of the Committee and I have followed my predecessor in focussing upon the following key issues.

- 1. To continue to make progress in resolving issues raised in previous annual governance statements.
- 2. Identify lessons to be learned and applied from those issues.
- 3. Receive assurance that business continuity plans are in place.
- 4. Continually review and enhance the controls necessary to deal with cyberattacks.
- 5. Continue to increase the percentage of internal audit actions completed on time.

To this list I have added a sixth key issue. The Committee must be assured that probity and accountability are being maintained during this time of pandemic when the majority of offices are closed, remote working is in place and face to face meetings are not being held yet services continue to be delivered.

During the course of the year the Committee has considered these and other issues, maintaining oversight and continuing to review and challenge to satisfy itself that the Council is operating to the highest standards. I pay tribute to the members, and particularly, the officers of the Council who have worked so conscientiously during these difficult circumstances.

I would also thank the members of this Committee who have worked so diligently and made such a contribution to maintaining and improving governance arrangements. I am grateful to all those officers who have supported the Committee. Finally I would like to pay particular thanks to those members and officers who have supported me in my role as Chairman.

Councillor Graham Bull Chairman, Corporate Governance Committee May 2021

Introduction

The Committee is required to discharge the functions of the Council in relation to both the corporate governance of the Council and the conduct of elected Members.

The Committee oversees the Council's governance and financial arrangements and the promotion and maintenance of high standards of conduct amongst the Council and Town and Parish Councils within the District of Huntingdonshire. This includes advising the Council on the Code of Conduct for Members, agreeing a Code of Conduct for Planning matters and considering reports by the Local Government Ombudsman.

Functions relating to the conduct of Members are considered by a Standards Sub-Committee (which will report to the main Committee).

The functions of the Committee are listed in Appendix A.

Effectiveness

An effective Corporate Governance Committee can bring many benefits, including:

- raising greater awareness of the need for internal control and the implementation of agreed audit recommendations;
- increasing public confidence in the objectivity and fairness of financial and other reporting;
- reinforcing the importance and independence of internal and external audit and other similar review process; and
- providing additional assurance through a process of independent and objective review.

The Committee's work activities have been designed so that they not only provide assurance to the Council and allow it to discharge it functions, but also allow the Committee to make a positive contribution towards maintaining good governance practices across the Council.

Committee training

A skills and training needs assessment form has not been completed by Committee members for some years and training needs have not been identified. Members need to understand their ongoing personal obligation to training and should engage with training in order that they can equip themselves with the requisite knowledge to be effective on this important governance forum.

Members were invited to an on-line training session on Fraud and RIPA (Regulation of Investigatory Powers) in November 2020. Two members of CGC attended this training.

Matters considered

The table below groups into six categories the significant issues considered by the Committee during 2020/21. A brief summary of the issues considered within each of the categories is included on the following pages.

Please note that owing to the COVID-19/coronavirus pandemic, the Committee cancelled its scheduled meetings in March and June 2020. Annual Committee appointments were made on 17 June 2020 at the Annual Council Meeting which had been delayed from May 2020.

External Audit PlanThe Committee has noted the External Audit Plan2019/202019/20 and raised the issue of the scale of audit
fees. The latter is subject to national discussions at
Public Sector Audit Appointments.

Internal Audit

Receiving the annual audit opinion

The annual opinion of the Internal Audit Manager as at 31 March 2020 was that the Council's internal control environment and systems of internal control provided adequate assurance over key business processes and financial systems.

Approving the internal audit work plan and Internal Audit Charter The Committee noted that the 2019/20 adequate assurance opinion was unchanged from 2018/19. It acknowledged the decrease in resources available throughout the year which limited the audit coverage and application of the Plan.

There have been 2 substantial assurance, 5 adequate assurance, 3 limited assurance internal audit reports issued in 2019/20 and a further 2 reviews where no opinion was given. In addition, the 7 key financial systems were reviewed quarterly but end of year reports not completed due to COVID.

Due to the COVID pandemic situation, which had a major effect from March 2020, audit planning has had to adopt a more flexible and risk-based approach. A flexible Audit Plan 2020/21 (to take account of diminished resources) was agreed, with a minimum commitment to complete control reviews on the key financial areas to provide assurance on these areas.

The Audit Plan 2021/22 was discussed and approved in March 2021.

The Internal Audit Charter was refreshed with only minor updates and approved by Committee in March 2021.

<u>Standards</u>

Ensuring good standards are maintained throughout the District The Committee has received four reports during the year on various standards matters:

- The adoption of Codes of Conduct by Town and Parish Councils
- The receipt and publication of register of interests forms on behalf of District, Town and Parish Councillors
- Updates on complaint cases regarding alleged breaches of the Code of Conduct by Members within the Council and Town and Parish Councils.

Countering Fraud

Corporate Fraud Team (CFT)	The CFT's main priorities changed significantly this year with the onset of the Coronavirus pandemic. Following the announcement of financial assistance to businesses by the government the Team were seconded to assist in this work like so many other teams and services. The main aim to support our local communities and businesses. The government over the last 14months has brought out around 15 different schemes each with their own eligibility and criteria which has made the delivery of these grants a mammoth and complex procedure for all involved. With each grant there has been guidance requiring checks to be carried out either pre or post payment to address the concern of potential fraud and check businesses were still actively trading and that payments were going to the correct bank account which was verified by using a bank verification tool by the National Eraud Initiative.
	the National Fraud Initiative.

The issues above deal with the core business of the Committee. A number of reports and other issues were also considered during the year that had a direct impact upon governance systems and processes across the Council:

- Reviewing the Council's compliance and performance in respect of responses to enquiries received under both the Freedom of Information and Environmental Impact Regulations.
- Receiving and noting an update on the actions identified as part of the Data Protection gap analysis review undertaken by 3C ICT.
- Considering whistleblowing allegations received and changes to the whistleblowing policy and procedure.
- Considering the progress made by managers to introduce agreed internal audit actions on time.
- Consideration of single tenders/quotes approved by Heads of Service/Assistant Directors
- Endorsement of new Procurement Waiver Procedure and oversight of its usage
