

### GLOSSARY

#### **Bail in Risk**

Bail in risk arises from the failure of a bank. Bondholders or investors in the bank would be expected to suffer losses on their investments, as opposed to the bank being bailed out by government.

#### **Bank Equity Buffer**

The mandatory capital that financial institutions are required to hold, in order to provide a cushion against financial downturns, to ensure the institution can continue to meet its liquidity requirements.

#### **Bank Rate**

The official interest rate of the Bank of England, this rate is charged by the bank on loans to commercial banks.

#### **Bank Stress Tests**

Tests carried out by the European Central Bank on 51 banks across the EU. The tests put banks under a number of scenarios and analyse how the bank's capital holds up under each of the scenarios. The scenarios include a sharp rise in bond yields, a low growth environment, rising debt, and adverse action in the unregulated financial sector.

#### **Basis Point**

1/100<sup>th</sup> of 1% ie 0.01%. 10 basis points is 0.1%.

#### **Bonds**

#### **Call Account**

A bank account that offers a rate of return and the funds are available to withdraw on a daily basis.

#### **Capital Financing Requirement (CFR)**

The CFR is a measure of the capital expenditure incurred historically but has yet to be financed; by for example capital receipts or grants funding. The current CFR balance is therefore financed by external borrowing, and internal borrowing (i.e. use of working capital on the balance sheet – creditors, cash etc).

#### **Certificate of Deposit**

Evidence of a deposit with a financial institution repayable on a fixed date. They are negotiable instruments, and have a secondary market, and can be sold before maturity.

#### **Collar (Money Market Fund)**

The fund "collar" forms part of the valuation mechanism for the fund. LVNAV funds allow investors to purchase and redeem shares at a constant NAV calculated to 2 decimal places, i.e. £1.00. This is achieved by the fund using amortised cost for valuation purposes, subject to the variation against the

marked-to-market NAV being no greater than 20 basis points (0.2%). (This compares to current Prime CNAV funds which round to 50 basis points, or 0.5%, of the NAV.)

### **Constant Net Asset Value (CNAV)**

Constant Net Asset Value refers to funds which use amortised cost accounting to value all of their assets. They aim to maintain a Net Asset Value (NAV), or value of a share of the fund at £1 and calculate their price to 2 decimal places.

### **Counterparty**

Another organisation with which the Council has entered into a financial transaction with, for example, invested with or borrowed from.

### **Credit Default Swaps (CDS)**

A financial agreement that the seller of the CDS will compensate the buyer in the event of a loan default. The seller insures the buyer against a loan defaulting.

### **Credit Ratings**

A credit rating is the evaluation of a credit risk of a debtor and predicting their ability to pay back the debt. The rating represents an evaluation of a credit rating agency of the qualitative and quantitative information, this result in a score, denoted usually by the letters A to D and including +/-.

**UN Principles for Responsible Banking**

Are a unique framework for ensuring that signatory banks' strategy and practice align with the vision society has set out for its future in the Sustainable Development Goals and the Paris Climate Agreement.

The framework consists of 6 Principles designed to bring purpose, vision and ambition to sustainable finance. They were created in 2019 through a partnership between founding banks and the United Nations. Signatory banks commit to embedding these 6 principles across all business areas, at the strategic, portfolio and transactional levels.

- **Principle 1:** Alignment, align business strategy with individual's goals as expressed in the sustainable development goals, the Paris Climate Agreement and national and regional frameworks.
- **Principle 2:** Impact and Target Setting, increase positive impacts and reduce negative impacts on, and managing the risks to people and environment.
- **Principle 3:** Clients and Customers, work with clients and customers to encourage sustainable practices and enable economic activities that create shared prosperity.
- **Principle 4:** Stakeholders, engage with stakeholders to achieve society's goals.
- **Principle 5:** Governance and Culture, implement the commitment to these principles through effective governance.
- **Principle 6:** Transparency and Accountability, periodic review of the implementation of these principles, and be transparent about and accountable for the positive and negative impacts, and the contribution to society's goals.

A 3-step process guides signatories through implementing their commitment:

1. **Impact Analysis:** identifying the most significant impacts of products and services on the societies, economies and environments that the bank operates in.
2. **Target Setting:** setting and achieving measurable targets in a banks' areas of most significant impact.
3. **Reporting:** publicly report on progress on implementing the Principles, being transparent about impacts and contributions.

### **UN Principles for Responsible Investments**

The 6 principles for responsible investments offer possible actions for incorporating ESG issues into investment practice.

The principles that the signatories sign up to are;

- **Principle 1:** We will incorporate ESG issues into investment analysis and decision-making processes.
- **Principle 2:** We will be active owners and incorporate ESG issues into our ownership policies and practices.
- **Principle 3:** We will seek appropriate disclosure on ESG issues by the entities in which we invest.
- **Principle 4:** We will promote acceptance and implementation of the Principles within the investment industry.
- **Principle 5:** We will work together to enhance our effectiveness in implementing the Principles.

- **Principle 6:** We will each report on our activities and progress towards implementing the Principles.

The Principles for Responsible Investment were developed by an international group of institutional investors reflecting the increasing relevance of environmental, social and corporate governance issues to investment practices. The process was convened by the United Nations Secretary-General.
