Step 1 – Description of new or amended policy/service	
Describe the aims; objectives and purpose of the new or amended policy/service (include how it fits in to wider aims or strategic objectives).	<p>Our Corporate plan for 2023-2028 outlines our commitment to:</p> <ul style="list-style-type: none"> • Improve the happiness and wellbeing of residents by keeping people out of crisis and helping those in crisis; and • Deliver good quality, high value-for-money services <p>A review of the CTS scheme was listed as an action within the corporate plan in furtherance of these aims.</p> <p>The Council is required to review its scheme for working age each year. There are issues with the current scheme that need to be addressed if the system is to continue to provide effective support to low-income taxpayers and to support the Council to provide the service in an efficient manner. The main issues are as follows:</p> <ul style="list-style-type: none"> • The need to assist low-income households and assist in the collection

	<p>of Council Tax;</p> <ul style="list-style-type: none"> • The introduction of Universal Credit for working age applicants; and • The need for a simplification of the scheme <p>In view of the problems being experienced with the current scheme, it is proposed that an alternative approach be taken from 2024/25. The approach has been to fundamentally redesign the scheme to address all of the issues with the current scheme and in particular;</p> <p>(a) The level of support available to the poorest households; (b) The problems with the introduction of full-service Universal Credit; and (c) The significant increase in administration costs due to the high level of changes received in respect of Universal Credit.</p> <p>Pension age applicants for CTS will not be affected by this change</p>
<p>The Equality Act 2010 requires the Council to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations, the Council also needs to demonstrate its compliance with the Equality Duty. The Council therefore needs to understand how its decisions and activities impact on different people. An Equality Impact Assessment is the current method by which the Council can assess and keep a record of the impact of new or amended strategies, policies, functions or services. The council retains these duties even when outsourcing services or providing shared services.</p> <p><i>Definition of Adverse Impact - occurs when a decision, practice, or Policy has a disproportionately negative effect on a protected group. Adverse Impact may be unintentional.</i></p>
