<p>I object to the application for a license for the shop next door. Here are my concerns:</p> <ul style="list-style-type: none"> <li>- Increased antisocial behavior, especially during evenings and weekends, could result in higher public disturbance, noise complaints, and other disruptive behaviors, harming the local community's safety and well-being.</li> <li>- Strain on local law enforcement resources could occur due to a rise in alcohol-related incidents, potentially hindering their ability to respond to other community needs.</li> <li>- Extended opening hours and alcohol sales could attract groups, leading to increased noise and disruption, negatively impacting nearby residents, especially during late hours.</li> <li>- Increased alcohol sales could contribute to littering, detracting from the community's aesthetic appeal and posing environmental hazards.</li> </ul> <p>Increased alcohol availability in the area may increase the risk of underage drinking. Easier access could harm minors' health and well-being, and raise concerns about licensing law violations.</p> <p>It could also exacerbate existing health challenges, especially among alcohol-dependent residents. Higher alcohol consumption rates may lead to long-term health issues like liver disease and mental health disorders, straining local healthcare and hindering public health improvements.</p> <p>Therefore, I strongly urge you to reconsider granting this license due to significant risks to community safety, health, and well-being.</p>
