FOREWORD

We all want to live in a place with the highest possible quality of life. A place people are drawn to, where they feel included and can aspire to something. A place people are proud to call home.

Our Corporate Plan to 2028 guides everything we do as we deliver our vision, review priorities, and collaborate with staff, residents, partners, communities, and businesses. It outlines how we will achieve the vision set by our communities in Huntingdonshire Futures.

It won't always be easy. With decreasing government funding, rising costs, inflation, and greater pressure on our services, we must find ways to save money or generate income to continue providing high-quality services.

There will be emerging changes in Local Government services following the English Devolution White Paper. However, everything we do will proactively ensure the benefits and opportunities for Huntingdonshire's communities are maximized. Our services remain vital to our communities, and we will continue to deliver them to the highest standard possible and remain focused on our ambitious objectives. In this plan, delivering the best for the district now and into the future.

We all face the threat of climate change, which requires decisive action and fundamental changes in how we live and work. Our Climate Strategy and action plan are driving changes in our activities and encouraging others to do the same. We will continue to apply a 'green lens' to all our decisions, embedding the climate and green agenda into everything we do and considering environmental impacts and opportunities to improve Huntingdonshire's valued environment.

As we grapple with the real issues facing us, we must be bold and set aspirational targets that challenge us to make a difference, whether that is by doing things directly ourselves or trying to influence change on a wider scale. With that in mind, this Corporate Plan outlines **our three key priorities**:

Priority 1 - Improving quality of life for local people

Improving the happiness and wellbeing of residents

Keeping people out of crisis

Helping people in crisis

Priority 2 - Creating a better Huntingdonshire for future generations

Improving housing

Forward-thinking economic
growth

Lowering carbon emissions

Priority 3 - Doing our core work well

Delivering good quality, high value-for-money services with
good control and compliance with statutory obligations

The first two priorities are each split into three outcomes. Outcome statements setting out our ambitions are detailed on pages 8 and 9.

To achieve these priorities, we must be a Council that takes time to listen and to really understand where people need the help and support to make a real difference to their lives.

We continue to make prevention a core part of our work across the Council. This is key to our **'Improving the quality of life for local people'** priority, focusing not only on helping those in crisis but also on achieving earlier outcomes to keep people out of crisis and improve the happiness and wellbeing of our residents. The Community Health and Wealth Building strategy adopted in December 2024 sets out how this will now be achieved.

We will drive the right kind of **'Forward thinking economic growth'** with a refreshed Economic Growth Strategy - promoting our exceptionally well-connected district with its high quality of life, market towns that are benefiting from focused investment attracting businesses and employment opportunities that benefit our communities.

'Working together' is an overarching principle for the Council. We cannot go it alone. The challenges we face can only be solved through working collaboratively and the responsibility is not the Council's alone. An example of this is our role as a statutory partner in developing the Cambridgeshire and Peterborough Integrated Care System (ICS), working together to improve the health and wellbeing of local people throughout their lives.

DO. Using all our services and ways of working to best serve Huntingdonshire.

ENABLE. Huntingdonshire residents and businesses to thrive by listening and working with them.

INFLUENCE. Partner organisations and stakeholders by creating a shared vision that benefits Huntingdonshire.

Do, Enable, Influence is key for us. This Corporate Plan calls on the Council to enable more, partner more, and empower people to reduce demand for traditional public services. Our role is to help residents and businesses thrive, but we can only achieve this by **working with people** to ensure Huntingdonshire is a place where you and your family can have a good life and benefit from available options.

Whilst looking to the future, we will not lose sight of the day to day. We must keep delivering good quality services and we must set an excellent example to our community of the standards we expect for our residents.

It is by doing these things that we will create a place people are proud to call home.

GETTING TO KNOW HUNTINGDONSHIRE

OUR PEOPLE AND PLACE

Huntingdonshire is a large (900 square kilometres) and predominantly rural area. However over 40% of the population live in our three largest market towns of **St Neots, Huntingdon** and **St Ives**.

With an estimated **184,050 residents** and **80,800 residential properties** at mid-2022, the population has grown significantly over recent decades (up by 47% from 1981 to 2021).

The district has an **ageing population** with 37,500 residents (20%) aged 65 plus at mid-2022, with the number **up by 33%** between 2011 and 2021

The latest estimates indicate that the number of residents in the district **born outside the UK** was 22,400 at March 2021 (**12.4% of all residents**). **Poland** is now ranked as the most common non-UK country of birth for the district's residents, followed by the **United States** and **Romania**.

- Economically Active: 59%
- Retired: 27%
- Economically Inactive: 11%
- Student: 3%

The average household size was **2.3 persons per household** in 2021, down from 2.4 in 2011 and below the latest England average of 2.4. More people are living alone, with the number of one person households up by 22% since 2011. **28% of all occupied households are now one person households.**

70% of households in Huntingdonshire owned their home in 2021, just over one in six (17%) rented their accommodation privately and 13% of Huntingdonshire households lived in a socially rented property. **2% of the area’s occupied households had fewer bedrooms than required (overcrowded).**

OUR HEALTH AND WELLBEING

In 2021, most of the district’s residents described their health as at least ‘good’ (84%), around 12% self-reported their health as ‘fair’, with the remaining 4% of the population describing themselves as having ‘bad’ or ‘very bad’ health.

An estimated **16% of the population were disabled in 2021**, with 6% stating their day-to-day activities were limited a lot.

69.2% Adults (aged 18+) classed as overweight or obese compared to 64% for England
Office for Health Improvement and Disparities (OHID), Public Health Outcomes Framework Oct 2024

Low mean number of households in temporary accommodation 125 compared to 762 for England

Around 4% of usual residents in 2021 said they provided at least **20 hours of unpaid care** in a typical week.

Note: all health and wellbeing figures in this section are age-standardised proportions which allow comparisons between populations over time and across geographies as they account for differences in the population size and age structure.

OUR ECONOMY, EMPLOYMENT AND EDUCATION

8,088 active businesses, across 15 business parks
 Business birth rate of 835, higher than the national average of 593
 More high-growth businesses, with an average of 35 in total, compared to the national average of 20
 Thriving manufacturing sector with over 550 active businesses

33.4% of usual residents aged 16 years and over indicated their highest level of qualification was Level 4 or above in 2021 – slightly lower than the England average of 33.9%. However, 15.6% had no qualifications, also lower than the England average of 18.1%. Apprenticeships were the highest qualification for 5.5% of usual residents aged 16 plus.

Economic activity (83% of those aged 16+) and employment rates (61.6% of those aged 16+) are both **higher than the national average**.
 21.9% of residents are Managers, Directors or Senior Officials compared to 11.3% in the UK.
7.45% employee growth year on year suggesting a strong job market.

OUR PRIORITIES

What sits behind our priorities is a desire to focus the efforts of the Council on the big priorities that matter to our residents, whilst not neglecting the performance of the day-to-day services that they rely on.

What we do is important, but how we deliver services and places that support our communities to take the decisions in their own long-term interests, and how we work with partners to deliver joined up services that make sense to residents, is critical. Our priorities are broad and ambitious and are supported by clear plans and strong working relationships. At their heart is a belief that creating success, or stepping in to prevent an issue developing, is always better than having to deal with a problem.

Priority 1: Improving quality of life for local people

Improving the happiness and wellbeing of residents

We want the highest possible quality of life for the people of Huntingdonshire. It will be a place which attracts employers and visitors and somewhere residents are proud to call home. We will be evidence-based, responsive and support the foundations of a good life. This includes personal independence, prosperity, social connection, community and good health.

Keeping people out of crisis*

We will identify the root causes that lead people into crises and find ways to prevent them. We will do this through our own actions. We will also work in partnership with residents, businesses, community groups, charities and our public sector partners.

Helping people in crisis*

Where a crisis has already happened, we will work holistically to understand the issues, the cause of these issues and what opportunities exist to address them. We will seek to prevent multiple personal crises becoming entrenched and unmanageable by addressing root causes.

* Crisis – A life changing event, or series of significant events within a short period of time, which can threaten or harm an individual's life experiences, often needing support to prevent further negative consequences.

Priority 2: Creating a better Huntingdonshire for future generations

Improving housing

We want everyone to live in a safe, high-quality home regardless of health, stage of life, family structure, income and tenure type. Homes should be energy efficient and allow people to live healthy and prosperous lives. New homes should be zero carbon ready and encourage sustainable travel.

Forward-thinking economic growth

We want our local economy to attract businesses that prioritise reducing their carbon footprint. A place where businesses choose to start-up, grow and invest in high-value jobs so they and our residents and high streets, can flourish and thrive. Local people should be able to develop their skills to take advantage of these opportunities, with businesses and education providers working more closely together to deliver an inclusive economy.

Lowering carbon emissions

We will take positive action to reduce carbon emissions and become a net zero carbon Council by 2040. We will enable and encourage local people and businesses to reduce carbon emissions and increase biodiversity across Huntingdonshire.

Priority 3: Doing our core work well

Delivering good quality, high value-for-money services with good control and compliance with statutory obligations

Around 80% of our resources are aligned to business as usual (BAU) service delivery and our third priority focuses on delivering good quality, high value for money services with good control and compliance with statutory functions. While new activities will mostly focus on delivering outcomes under our two new outward-facing priorities, we will continue to provide a wide range of existing statutory and important services and seek to improve their efficiency and effectiveness.

MEASURING SUCCESS

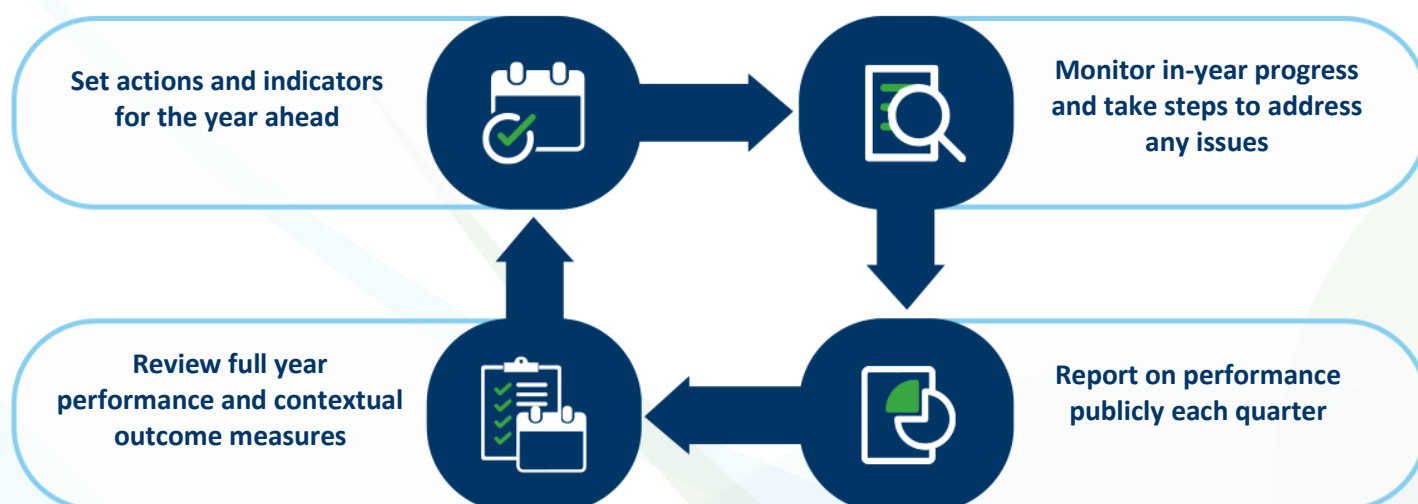

We will stand accountable for performance against these priorities through an annual action plan and performance measures. These will be refreshed yearly to reflect work completed and the development of new approaches informed by ongoing engagement with partners and residents.

In reporting on our progress and achievements, we will be transparent about what we can be held to account for but will also be setting out how we will measure success where we have great ambitions but more limited control over results.

Actions: Our action plan for the next year is set out on pages 12-25, alongside examples of last year's achievements. Performance in delivering these actions is reported quarterly to show progress against significant milestones. Qualitative updates are provided for each outcome to provide further detail of progress made and ensure that there is a clear link between our work and the outcomes they are delivering.

Operational Performance Indicators: We will measure the performance of our services, and their contribution to our priorities, through the operational performance indicators on pages 26 and 27, with quarterly updates published to show performance against targets and provide commentary on progress made and steps taken to address any issues.

Contextual Outcome Measures: We will also develop and report on a range of contextual outcome measures to monitor how outcomes for the district and its residents are changing. Most outcome measures will be based on external data sources published less frequently than our own operational performance indicators. Results will be presented against our preferred direction of travel but will not have targets since we will not have direct control over performance. However, monitoring them will identify trends over time and changes we may need to react to. The question this will help us answer is: **are our actions a sensible response to community needs and the priorities we hold?**

Examples: Supporting our residents' needs

- ✓ **Co-locating** agencies in our offices to provide targeted assistance in one visit instead of three. This has allowed the Citizens Advice Bureau (CAB) to offer more face-to-face appointments and improved outcomes from the Council's Residents Advice Team, which handled 5470 enquiries by the end of February. The office became a Work Well Hub in November, helping 65 residents return to employment.
- ✓ **Supporting** our community with our Residents Advice Team who have provided 913 food bank vouchers and £126,545 through the household support fund.
- ✓ **Collaborating** with the Police & Crime Commissioner to safely share anonymised data to address issues of crime, specifically violent offences, by targeting resources into identified areas of our district helping people feel safe where they live.
- ✓ **Reducing** the number of days to process Housing Benefits and Council Tax Support changes by almost 50% on last year to an average of 3.16 days (to December).
- ✓ **Ensured financial support** is in place when needed. Successfully dealing with 649 claims (28% up) within existing resources. Successfully reducing reminders by 849 (4.3%) and court summonses by 1045 (17.25%) whilst maintaining collections rates.
