

Appendix 4

# 2025-26 KPI Amendment Proposals

Performance and Insights Team January 2025

This appendix is to highlight all of the key performance indicators (KPIs) that the Business Performance and Insights team recommend are tracked in the 2025-26 financial year.

All metrics not mentioned here have had no changes made to their wording, target or tolerance since the 2024-25 financial year.

If you have any questions, please direct them to:

# **Proposed KPI Changes**

Performance Indicator	Pl Holder	Proposed Change	Proposed Change Details	Justification	
1. Number of Attendances at Active Lifestyle Programmes And	Jo Peadon	Alteration	Proposed Target: 54,714	Both metrics are now under the control of the Active Lifestyles manager, so the new combined metric would show overall health	
Number of Attendances at Sport Development Activities and Programmes			Proposed Tolerance: 49,243	of the service, rather than the health of its constituent parts.	
2. Number of One	Leigh Allaker & Gregg Holland	More Difficult Target	Current Target: 1,483,123	This new target is a 3% growth	
Leisure Facilities Admissions (excluding Burgess Hall and School Admissions)			Proposed Target: 1,518,380	on the forecasted performance seen this year. This growth is	
			Current Tolerance: 1,334,811	expected due to the recent renovations across One Leisure	
			Proposed Tolerance: 1,442,461	sites.	

Performance Indicator	Pl Holder	Proposed Change	Proposed Change Details	Justification
4. Average time	Melanie Barnes & Claudia Deeth	More Lenient Target	Current Target: 22 Weeks	The target and tolerance would be increased to reflect the
(weeks) between date of referral and			Proposed Target: 28 Weeks	significant delays faced due to issues with our Social Landlord
practical completion of jobs funded through Disabled Facilities Grants			Current Tolerance: 30 Weeks	partners. Previous performance indicates that no targets below 28 weeks have been met in the
			Proposed Tolerance: 32 Weeks	last three years.
6. Average number of days to process changes of circumstances for Housing Benefit and Council Tax support	Katie Kelly & Barnes Huggins	More Difficult Target	Current Target: 5 Days	This metric has significantly
			Proposed Target: 4 Days	exceeded its target all year and is the best actual performance
			Current Tolerance: 7 Days	for the last three years by a significant margin. Therefore, a target change is proposed.
			Proposed Tolerance: 6 Days	target change is proposed.
7. Number of Homeless Preventions Achieved	Jon Collen	Subject to Change	Current Target: 480	* A target and tolerance for this
			Proposed Target: 480	metric cannot be predicted at this time, so while no change is
			Current Tolerance: 445	currently reported, this is subject
			Proposed Tolerance: 445	to change.

Performance Indicator	Pl Holder	Proposed Change	Proposed Change Details	Justification	
8. Number of	Jon Collen	Subject to Change	Current Target: 685	* A target and talegapse for this	
households housed through the housing			Proposed Target:	* A target and tolerance for this metric cannot be predicted at this time, so while no change is	
register and Home- Link scheme. (cumulative)			Current Tolerance: 616	currently reported, this is subject to change.	
			Proposed Tolerance:		
9. Number of households in Temporary Accommodation. (cumulative)	Jon Collen	Subject to Change	Current Target: 135	* ^ 4	
			Proposed Target:	* A target and tolerance for this metric cannot be predicted at this time, so while no change is	
			Current Tolerance: 148	currently reported, this is subject to change.	
			Proposed Tolerance:		
12. Number of new affordable houses delivered	Frank Mastrandrea & Pamela	More Difficult Target	Current Target: 292 Houses	The Local Plan and latest	
			Proposed Target: 444 Houses	Housing Needs Assessment indicate that we need to build	
			Current Tolerance: 219 Houses	444 affordable houses a year to	
	Scott		Proposed Tolerance: 356 Houses	meet demand, therefore this is the proposed target.	

# **Director for People – Proposed KPI Additions**

Proposed Performance Indicator	Proposed Pl Holder	Proposed Addition Justification	Proposed Details		
17. Cumulative footfall in	Rebecca	ADDITION - This metric will highlight how attractive our market towns are and how this changes over time. This metric is also correlated to the success	Target: 15,719,143		
market towns (Monthly)	Tomlin	of the economic development team and will allow members to track the effects of their initiatives.	Tolerance: 14,933,185		
18. Total number of business engagements		ADDITION - This metric will highlight to members how many local businesses are receiving advice or support from the Economic Development team.	Target: 420 Engagements		
by the Economic Development Team (cumulative)	Rebecca Tomlin	This metric will be inclusive of LinkedIn growth, newsletter signups, the number of events attended by the econ dev team and the number of businesses receiving support monthly.	Tolerance: 378 Engagements		

Performance Indicator	PI Holder	Proposed Change	Proposed Change Details	Justification
25. Sanctions against environmental crimes and anti-social behaviour.	Robert Mitchell & Anthony Hayes	Alteration	Current Target: 12 Fines	It is proposed that this metric replaces PI 24 (enforcements
			Proposed Target: 100 Sanctions	against Fly-tips). This change better reflects the role of the
			Current Tolerance: 10 Fines	service and will highlight their activity in countering
			Proposed Tolerance: 90 Sanctions	environmental crime and anti- social behaviour.
26. The number of programmed food safety inspections undertaken (cumulative)	Kate Penn & Claudia Deeth	Subject to Change	Current Target: 612	* A target and tolerance for this
			Proposed Target:	metric cannot be predicted at this time, so while no change is
			Current Tolerance: 581	currently reported, this is subject to change.
			Proposed Tolerance:	
27. Percentage of calls to Contact Centre answered (cumulative)	Michelle Greet & Cedric Gough- Goodman	More Difficult Target	Current Target: 80%	The percentage of calls answered has not dipped below
			Proposed Target: 85%	86% since June 2023 and the Call Centre has gained many
			Current Tolerance: 72%	new full time staff members. This new target also brings us
			Proposed Tolerance: 80%	closer in line with our peers.

Performand Indicator			Holder	Proposed Change	Proposed Change Details		Justification	
28. Average wait time for customers calling		Michelle Greet & Cedric Gough- Goodman		More Difficult Target	Current Target: 600 Seco	onds	Previous performance significantly exceeds the current target (by 150 seconds) and the tolerance (by 450 seconds). This target would also bring us closer in line with the targets of	
					Proposed Target: 300 Se	econds		
the Contact Centre (cumulative)	Current Tolerance: 240 Seconds							
					Proposed Tolerance: 180 Seconds	)	our peers.	
Proposed Performance Indicator		osed older	Proposed Addition Justification				Proposed Details	
29. Customer Satisfaction (Contact Centre)		monthly s	TON - This new metric would track the ly satisfaction of people who call the contact . The average c-sat score in gov call centres		Target:	Target: ~75% Satisfaction		
		of 75% a tolerance	nd a tolerance of	ore we propose a target 65%. The target and o change once the initial wed.	Tolerar	nce: ~65% Satisfaction		

	rformance PI Holder Proposed Proposed Change Details		etails	Justification			
34. Staff turnover (percentage per					Current Target: 1.2% (+/- 0.2%)		Turnover is increasing nationally and is on average between 2.0-
		Leanne Harfield &		More Lenient	Proposed Target: 1.5 (+/- 0.25%)	-	2.8% in English local governments. Uncertainty from the LGR and
	individual month)		n Roden	Target	Current Tolerance: 0.6-1	.8%	expiring contracts are expected to drive turnover further.
					Proposed Tolerance: 0.7 2.25%	Therefore, it is proposed that the margins be widened.	
Proposed Performance Indicator		osed older	Proposed Justific				Proposed Details
35. Average Leanne length of Harfield & service Ryan (years) Roden		by highlig	ADDITION - This metric would supplement KPI 34 by highlighting if we are retaining our experience. This would be especially valuable during a			Target: 9.6 Years	
		ield & /an	potentiall reported length of changes target wil	y high turnover pe quarterly. Current service of 9.6 yea by about 0.5 even I be to retain this	eriod. This should be tly, we have an average ars, and this typically ry year. Therefore, the 9.6 years of average nce will be 9 years.	Tolerance: 9.0 Years
