Adult Social Care – Independence	Health Embedded	Reablement, direct payments, control over daily life	Keeping people out of crisis
Adult Social Care – Neighbourhood Integration	Health Embedded	Hospital discharge to community, care home admissions	Keeping people out of crisis
Neighbourhoods	Pride in Place	Community satisfaction, trust, ASB, green space access	Quality of life and wellbeing

LGOF Priority Outcome	Huntingdonshire Futures Journey	HDC Contextual Measures	HDC Corporate Plan Outcome
Environment & Climate	Environmental Innovation	Air quality, recycling, food waste, flood risk	Lower our carbon emissions
Transport & Infrastructure	Travel Transformed	Bus journeys, walking/cycling, road condition	Travel transformed
Economic Prosperity & Regeneration	Inclusive Economy	GVA, employment rate, business density	Economic growth
Child Poverty	Inclusive Economy / Health Embedded	Children in low-income families	Keeping people out of crisis

## Observations

- **Strong alignment** exists between LGOF and HDC's strategic frameworks, especially in areas like housing, health, and economic inclusion.
- **Contextual measures** already track many of the LGOF's proposed metrics, including deprivation, employment, housing quality, and educational outcomes
- The **Corporate Plan's "Do – Enable – Influence"** model complements the LGOF's emphasis on shared accountability and system-wide impact.

## Actions

### 1. Establish Corporate Ownership & Co-Ordination

- HDC's response to the LGOF consultation coordinated centrally to ensures a unified and strategic approach by the Performance & Insight Team
- Performance Team coordinating officer reflections on response template and attendance at webinar sessions.

## **2. Governance**

- Response sign-off by CLT, report pathway to Informal Cabinet, Scrutiny and Cabinet (Portfolio holders briefed throughout - Cllr Ferguson and Cllr Davenport Ray).

## **3. Align Contextual Measures with LGOF Metrics**

- Performance & Insight team to aligning service-level metrics and contextual measures with the framework.
- The LGOF outcomes mapped to HDC's Corporate Plan outcomes and the five journeys of the *Huntingdonshire Futures* strategy to ensure local priorities (e.g. climate resilience, inclusive growth, wellbeing) are reflected in national reporting and vice versa

## **4. Update Contextual Dashboards**

- HDC to adapt the contextual dashboard to monitor LGOF metrics to be a key resource to inform policy, strategy and service planning and drive delivery of outcomes in the LGOF.

## **6. Embed Outcome Thinking in Transformation**

- The LGOF used as a foundational element to refresh the Council's contextual measures.
  - Establish contextual measures as a clear tool available on the intranet as a self-service or assisted service. To ensure they are integrated within service, strategy and policy planning.
  - Include contextual measures in Corporate Plan Annual Update
  - Update public-facing dashboards to demonstrate transparency and accountability and encourage use of factual data to drive better outcomes.
-
