CCG/31/25-26 Upwood Cricket Club Toilet Refurbishment/ Installation of Disabled Facilities	<p>At present the clubhouse and toilets are not disability friendly – they have limited access through the present doorways due to high steps, and there are no facilities within the toilets for a person with a disability to use them safely. The facilities need to be updated to allow the cricket club to become more inclusive.</p>	<ul style="list-style-type: none"> Improving the quality of life and wellbeing 	<p>Opening up of cricket and sports in general to all is a must, not only for social interaction but to improving health and well-being of everybody involved. Feeling of being part of a team is not only a good experience but it gives each member of that team a chance to bring something positive.</p> <p>With the pavilion as it is, we are very limited to what we can hold there, we have already had inquiries from local groups who run events for disabled children who would love to use our field but the toilets and pavilion are not suitable do to the restrictions with access.</p> <p>Project work will include the provision of a disabled toilet set (complete with handrails), a lower basin unit and two folding wheelchair ramps.</p> <p>These improvements will not only benefit us as a club but the wider community as a whole for years to come.</p>	£3,000
