

Our Transformation Plan sets out the council's commitment to reshaping how we work — placing residents at the heart of our services and ensuring we are equipped to meet future challenges. It highlights the programmes and initiatives we are delivering to modernise services, improve outcomes for our communities, and operate more efficiently. Above all, it reflects our pledge to continuous improvement — not only in what we do, but in how we do it — so that we can build a council that is responsive, forward-thinking, and services 'doing things well.

## TRANSFORMATION GOAL Place and Communities Positive Legacy

#### Focus - Enhancing our Place to support a sustainable Council
