

HUNTINGDONSHIRE DISTRICT COUNCIL

Title:	Treasury Management 6 Month Performance Review 2025/26
Meeting/Date:	Cabinet – 18th November 2025
Executive Portfolio:	Executive Councillor for Finance & Resources
Report by:	Corporate Director (Finance and Resources)
Wards affected:	All Wards

Executive Summary:

Best practice and prescribed treasury management guidance requires members to be kept up to date in respect of treasury management activity for the first half of the year, including investment and borrowing activity and treasury performance.

The Council's 2025/26 Treasury Management Strategy was approved by the Council on the 26th February 2025, this report sets out the Treasury Performance and indicators for period between 1st April 2025 and 30th September 2025.

Treasury Management is;

The management of the local authority's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.

The main purpose of Treasury Management is to.

- Ensure the Council has sufficient cash to meet its day-to-day obligations.
- Borrow when necessary to fund capital expenditure, including borrowing in anticipation of need when rates are low.
- Invest surplus funds in a manner that balances low risk of default by the borrower with a fair rate of interest, and prioritising liquidity before considering optimising investment returns.

The key market Treasury Management issues through the first half of 2025/26 influencing the Council's decision-making were.

- The Bank of England (BoE) Bank Rate decreased over the period from 4.5% to 4.0% in August 2025.
- Gilt rates (10 year government bonds) fluctuated between 4.4% and 4.8% and fell to 4.7% at the end of September. Gilt rates feed into the

- rates paid for investing in the Debt Management Office.
- Interest rates are forecast to fall over the next 1 to 2 years, as long as the inflation rate continues to fall.
 - Inflation and interest rates are both relatively high for the recent past, this feeds into the council's current strategy of using lower risk investments while high interest rates (and debt defaults) may lead to increased stress in financial institutions.

The Council's responses to the key issues were.

- When the Council has surplus funds, these will primarily be invested on a short-term basis, primarily in the DMO, money market funds, and the council's transactional bank NatWest.
- Where possible to take a higher return without sacrificing liquidity eg use of timed deposits at the DMO, as long as sufficient cash is available for short-term needs. Although currently money market fund and DMO rates are similar.
- If economic conditions are forecast to deteriorate it is vital to monitor financial institutions credit rating, and credit default swap rates (the cost to insure lending). This information is provided by the Council's treasury adviser – Link Group in regular updates.

The Council's Commercial Investment Strategy (CIS)

Indicators relating to the investments are shown in **section 11** of the report.

The commercial property portfolio is forecast to generate £2.5m of net income for the Council in 2025/26. The breakdown of the property portfolio is shown in **Appendix F** and the proportion of commercial property and service investments income in relation to net revenue stream, in **section 11** of the report.

The **Treasury Management 6 Month Performance Review** is appended to this report.

Recommendation:

The Cabinet is recommended to.

- Note the treasury management performance included in the Treasury Management 6 Month Performance Review, for the first 6 months of 2025/26 and to recommend the report to Council for consideration.

1. PURPOSE OF THE REPORT

- 1.1 The purpose of this report is to update Members on the Council's treasury management activity for the first 6 months of the year, including investment and borrowing activity and treasury performance.

2. BACKGROUND

- 2.1 It is regarded as best practice and prescribed treasury management practice, that Members are kept up to date with treasury management activity.
- 2.2 The Council approved the 2025/26 Treasury Management Strategy at its meeting on 26th February 2025.
- 2.3 All treasury management activity undertaken during the first half of 2025/26 complied with the CIPFA Code of Practice, relevant legislative provisions and the Treasury Management Strategy.
- 2.4 The investment strategy is to invest any surplus funds in a manner that balances low risk of default by the borrower with a fair rate of interest. The Council's borrowing strategy permits borrowing for cash flow purposes and funding current and future capital expenditure over whatever periods are in the Council's best interests.
