- Over £5,000 = 20

Owner Interaction

- High level of cooperation = 0
- Average level of contact and efforts made = 5
- Minimal contact & little efforts made = 10

- No contact/untraceable/no efforts made = 20

Each empty home identified will be assessed using a scoring sheet which considers various criteria. The result of this assessment is that the property will be placed in a category which determines the priority level it is given, and the subsequent course of action taken.

Properties will be reassessed when necessary / new information is obtained to ensure they remain situated in the correct categories and the correct level of priority is given. The categories will be classified as follows:

RED – (scores 50 or over)

Cases which fall into this category will be prioritised. All avenues will be explored with the owner to return their property to use in a way that suits their own needs, the needs of the community and the Council. Where assistance is refused and the owner is unwilling to cooperate, all enforcement options will be considered to establish the most appropriate course of action.

AMBER - (scores 25 - 49)

Cases which fall into this category will be considered a lower priority than those in the Red category. Resources will still be invested in these cases and officers will work with owners to prevent empty homes from deteriorating and being reassessed to a higher category. Where necessary, enforcement options will be employed if considered the most appropriate course of action. Cases in this category will be monitored on a more frequent basis than those properties which fall within the Green category and will be reassessed where necessary.

GREEN - (scores less than 25)

Cases which fall into this category will be given a lower priority for action, but owners will be contacted and offered any assistance they may need to return their property back into use. These properties will be monitored for any change and reassessed where necessary.
