13/10/09	Members questioned whether the dual use of footpaths for pedestrians and cyclists could be considered.	The current market town transport strategies allow for the development of cycling and walking schemes as either segregated routes or as shared/dual routes and there are many examples across Huntingdonshire where dual cycle routes have been implemented as part of agreed action plans. Such options are covered by national guidance and design standards so it is not an issue of considering this pending funding for cycleways, the delivery of these being available now.		
10/11/09	Members requested a further update as to the status of the Perry village cycle route.	Email sent to the transport team leader requesting further information.	Rural cycling priorities were reviewed across Huntingdonshire and agreed by AJC in July 2008. Perry was ranked as a top 5 scheme for further development but it is only the security of funding from the extension of Liittlehey Prison and the funds now held by the District Council as a result of the S106 agreement that is moving this scheme forward, it is only recent action since July 2008 that is making this scheme a reality.
