13/10/09	Members requested an update on the Perry village cycle route.	<p>consent and is outside the direct control of this Council.</p> <p>The status of this scheme is unchanged, it is at the development stage pending further meetings with Anglian Water and other partners.</p>	feedback or progress on this issue.	
13/10/09	Members questioned whether the dual use of footpaths for pedestrians and cyclists could be considered.	The current market town transport strategies allow for the development of cycling and walking schemes as either segregated routes or as shared/dual routes and there are many examples across Huntingdonshire where dual cycle routes have been implemented as part of agreed action plans. Such options are covered by national guidance and design standards so it is not an issue of considering this pending funding for cycleways, the delivery of these being available now.		
10/11/09	Members requested a further update as to the status of the Perry village cycle route.	Email sent to the transport team leader requesting further information.	Rural cycling priorities were reviewed across Huntingdonshire and agreed by AJC in July 2008. Perry was ranked as a top 5 scheme for further development but it is only the security of funding from the extension of Liittlehey Prison and the funds now held by the District Council as a result of the S106 agreement that is moving this scheme

8/12/09	Members requested a further update as to the status of the Perry village cycle route.	The Transport Team Leader has been invited to the next meeting of the Panel to provide an update.	<p>forward, it is only recent action since July 2008 that is making this scheme a reality.</p> <p>The Transport Team Leader has agreed to attend the next meeting of the Panel.</p>	
12/01/10	The Transport Team Leader updated the Panel on progress towards the provision of cycling routes within Huntingdonshire.	A meeting has been arranged to discuss options for the Perry village cycle route with the private land owners affected, following which consultation will be undertaken with residents and the Parish Council in order to inform the Area Joint Committee of villagers' views on a preferred course of action. The scheme will depend on the sufficiency of the available budget and programming of work within the wider network programmes.	On being advised that progress was constrained by the requirement to use County Council approved contractors, the Panel undertook to question the Head of Environmental Management on the possibility of contractors being engaged directly by the District Council.	
08/09/09	<p><u>Adoption of Roads and Sewers</u></p> <p>The report of the Working Group was considered by the Cabinet.</p>		The Cabinet requested that the Panel revisit this study once the extent is known of the sewers not under the responsibility of Anglian Water and following the implementation of the government initiative referred
