13/07/10	<p><u>Cycling In Huntingdonshire</u> An update was requested from the Transport Team Leader.</p>		<p>Hunts AJC considered the Perry proposals at their meeting on 11th October 2010. They endorsed the development of Option 1 and further development work is now taking place, including negotiations with both Anglian Water and the Sailing Club. Subject to the satisfactory conclusion of those negotiations, it is planned that the scheme will be implemented during Spring 2011.</p>	
14/09/10	<p>An update was requested from the Transport Team Leader.</p> <p>The Vice-Chairman undertook to make enquiries with the County Council regarding the audit trail for Section 106 contributions generated from development in Huntingdonshire.</p>	<p>Discussions have been held with the Executive Councillor for Planning Strategy and Transport regarding the wider review which was scheduled for completion by December 2010. Given the ongoing consultation by the Council on budget spending and the possible cuts in the overall transport related budget, it has been considered unwise to consult with District and County Members on schemes at this time as this would exacerbate the unlikelihood of current schemes being delivered as well as any of those to be added, and raises Member and public expectation to an unnecessary degree with presently little hope of delivery. It was felt that the review should be over a longer timeframe when there is more certainty regarding likely funding.</p>	<p>At the same AJC meeting, the Committee were acquainted with the current proposals for the next phase of the cycling programme for Yaxley and Farcet which includes the provision of a first-time off-road pedestrian and cycle route between the two villages. The Committee endorsed further development, including the need to secure third party land to deliver the scheme. It is hoped that the scheme will be delivered, subject to the completion of all required negotiations, during 2011/12 using a combination of S.106 and Capital funds.</p>
