Purpose

This Partnership Charter was developed by the RECAP Board initially in October 2011 and encapsulates RECAP's approach to advanced partnership working. The Board had directed that the Partnership be more ambitious in its collaborative working and bolder in its decision-making, with the expectation of tangible delivery with pace and purpose. Developments had to respect individual Council positions and differences - avoiding an 'all or nothing' approach in the progression of opportunities. Subsequently, Schedules have been added to capture the collaborations taking place across the advanced partnership Whole Systems Approach work streams and within the spirit and principles of the Charter

GOVERNANCE AGREEMENT

October 2013

Applicability: To all RECAP partners, with the exception of Cambridgeshire County Council

Term: Effective from October 2013

Objective: To generate maximum value from recyclate which is dependent on all collected recyclate materials being presented collectively by the Partners working collaboratively together and in compliance with the detailed terms of the related Contract.

Governance:

RECAP acts collaboratively as the collective governance mechanism and point of contact for procurement and contract management purposes on behalf of its constituent contract Partners as set out in the agreed PID of 7 June 2013.

Organogram – to be inserted once agreed by JWOG (to detail strategic and operational contract management and monitoring arrangements)

Basis of Collaboration

The Partners declare that :-

- (a) they are independent Contracting Authorities;
- (b) they have, as they each deemed necessary obtained independent legal advice; prior to entry into the consortium;
- (c) they enter into the Joint MRF Collaboration at their own risk.

Principles of Collaboration

The Partners agree to operate the contract in accordance with the 'Objectives' and the 'Guiding Principles' of the RECAP Charter in their collaboration with each other.

In addition:

1. The Partners hereby commit to utilising the contract(s) (for its duration, excluding any agreement to extend) for the processing and sale of their recyclable materials, either

commingled or source separated and no Partner will retain any of these materials in pursuit of alternative selling opportunities.

2. Any Partner leaving the contract agrees to be liable for any costs arising directly from their early termination as incurred by the Partners remaining in the consortium and any costs incurred related to the management of such a change (for clarity, such costs including reductions in income per tonne from the sale of materials that stem directly from the decision to leave until the end of fixed contract period)

Relationship Management:

The Partners agree to act collaboratively as RECAP and not independently in initiating any action against the Contractor employed under the terms of the Joint MRF Contract.

The Partners agree that once the MRF Consortium contract has been awarded, all partners are committed to participation in and to the detailed terms of that Contract, for the duration of the Contract (excluding any agreement to extend), thereby ensuring that all savings and efficiencies identified and projected prior to the start of the collaborative contract are achieved.

Partners have the right to opt out or terminate their involvement in the Contract if a Contractor is in serious or material breach as defined within the termination provisions of the Contract.

Contract Management:

Strategic contract management duties will be overseen by JWOG on behalf of all Partners to simplify the relationship with the Contractor.

JWOG will designate 'Point of Contact' officers from within the RECAP partner authorities resources to assist in any specialist areas required to manage the contract for the collective benefit of all Partners (*detail to be captured by organogram evolving from ITT*).

Partner authorities will manage day to day service and operational issues directly with the contractor, however, recurring issues across the partners should be highlighted to JWOG for direction and resolution.

Dispute Resolution

In the case of a disagreement between Partners and/or the Contractor engaged in the Joint MRF contract, reasonable endeavours will be made by JWOG to settle the disagreement swiftly, in line with the detailed provisions of Contract and overall spirit of the Charter.
