

HUNTINGDONSHIRE DISTRICT COUNCIL

**Title:** Provisional Outturn 2013/14 (Revenue and Capital)

**Meeting/Date:** Cabinet  
19 June 2014

**Executive Portfolio:** Resources: Councillor J A Gray

**Report by:** Head of Resources

**Ward(s) affected:** All Wards

---

**Executive Summary:**

Members will be aware that over the past year they have been receiving more detailed financial performance monitoring reports which has enabled them to make more informed decisions on the achievement of their financial objectives.

In the past, Cabinet has not been informed of the financial outturn until after the accounts have been closed. However, this has meant that members are effectively “behind the curve” and have limited influence into how variances from the original budget should be treated. Therefore, continuing the process of improving the reporting of financial performance, this report provides a provisional outturn to give a good indication of how the Council has performed over the last financial year.

Revenue

At this time the provisional revenue outturn is showing a net expenditure position of £20.5m for 2013/14. This means, compared to the original 2013/14 budget (approved in February 2013) that expenditure is £2.2m below the level expected. If there was no allocation to earmarked reserves, this would be a marginal net contribution from the General Fund balance of £38,000.

However, it is proposed that, considering the expected service transformation programme that the Council is embarking on and the potential for investing in revenue generating capital projects, that there will be contributions of £0.9m and £1.5m to the Special Reserve and a new Capital Investment Earmarked Reserve respectively. This would leave the General Fund balance at £8.145m.

To further improve the management of the budget, it is proposed that the Council commences a programme of Zero Based Budgeting to drive out costs from the base budget.

Capital

At this time the provisional capital outturn is showing a net expenditure position of £10.1m for 2013/14; £8.5m in respect of ne or enhancements to capital assets and £1.6m in respect of capital investments. This means, compared to the updated 2013/14 budget (approved in February 2014) that expenditure is £1.8m below the level expected; this is primarily due to slippage that will be utilised in future years capital programmes (assuming that the capital programme does not change).

**Recommendation(s):**

The Cabinet is requested to:

1. note, in respect of revenue the:
  - 2013/14 provisional outturn of £20.5m.
  - reasons for the £2.2m variance to the 2013/14 Original Budget (Table 2 of the main report).
2. note, in respect of capital the:
  - 2013/14 provisional outturn of £10.1m
  - reasons for the £1.8m variance to the 2013/14 Update Capital Programme (Table 4 of the main report).
3. approve, in respect of revenue and based on the provisional outturn noted in 1 above:
  - a contribution to the Special Reserve of £0.9m.
  - to the establishment of a “Capital Investment” Earmarked Reserve and a contribution of £1.5m.
4. approve a delegation for the Head of Resources:
  - i. to adjust the revenue contributions noted in 3 above, in consultation with the Portfolio Holder for Resources and the Managing Director, if the actual outturn varies to that noted in 1 by more than 2.5%.
  - ii. to commence a Zero Based Budgeting review programme across the Council, to be funded from the Special Reserve, and to update the Cabinet on a quarterly basis.

## 1. PURPOSE

- 1.1 Members of the Cabinet will recall that over the past year there has been an improvement in the frequency of reporting the forecast financial position, more rigorous financial monitoring and improved transparency in the information supplied. These improvements have included the Cabinet receiving, on a monthly basis, the Financial Performance Monitoring Suite and all members receiving the Financial Dashboard.
- 1.2 With regard to the financial outturn, in the past Cabinet have received a report in July noting the “actual” outturn; however best practice is that as soon as the “provisional” cash outturn is established, this is reported to Cabinet so they can consider the treatment of any forecast variance from the approved budget. Therefore, in the spirit of continuing on the path of increasing financial transparency, it is now opportune to present to Cabinet the provisional outturn for 2013/14.

## 2. BACKGROUND

### Approved Budget

- 2.1 In February 2013 the Council approved the following 2013/14 net expenditure budgets of:
- £22.764m for revenue, and
  - £ 8.863m for capital.
- 2.2 In respect of:
- revenue, the Budget Requirement was £20.511m which required a £2.253m contribution from General Reserves that gave an estimated General Fund Balance of £8.334m at the 31<sup>st</sup> March 2014
  - capital, this was to be financed from a mix of capital receipts, capital reserves and working capital.

### Budget Monitoring

- 2.2 In early April 2014, the Cabinet received the February 2014 Financial Performance Monitoring Suite. The key financial indicators reported at this time were forecast:
- revenue spending is £20.4m, £2.3m less than the original budget.
  - revenue contribution **to** general reserves is £0.1m, which compares to an originally budgeted contribution **from** general reserves of £2.2m.
  - net capital spending of £11.9m (assets: £10.3m; investments: £1.6m).

## 3. PROVISIONAL OUTTURN - REVENUE

### Provisional Revenue Outturn compared to Original Budget

- 3.1 For all Council services, the provisional revenue outturn for “net expenditure” is £20.5m; this includes the following accounting adjustments:
- statutory adjustments in respect of contributions to Earmarked Reserves for capital receipts/grants,
  - technical adjustments in respect of Receipts in Advance, and

- cash adjustments in respect of Irrecoverable VAT, government grant and bad debts provision.

3.2 Considering the aforementioned provisional outturn, the net impact of this is that net expenditure was less than the original budget by £2.215m; this is illustrated the Table 1 below:

<b>Table 1</b>				
<b>Summary of the Variation in the 2013/14 Original Budget to the Provisional Revenue Outturn</b>				
	<b>Original Budget £m</b>	<b>Provisional Outturn £m</b>	<b>Variance</b>	
			<b>£m</b>	<b>%</b>
<b>Net expenditure</b>	<b>22.764</b>	<b>20.549</b>	<b>2.215</b>	<b>(9.7)</b>
Use of reserves: - from reserves	(2.253)	(38)	2.215	(98.3)
<b>Budget requirement</b>	<b>20.511</b>	<b>20.511</b>		
Unringfenced Government Support & Collection Fund surplus	(13.005)	(13.005)		
<b>Council Tax</b>	<b>7.506</b>	<b>7.506</b>		

3.3 In order to further strengthen the robustness of financial monitoring, it is proposed that the Council commences a Zero Based Budgeting review of the base budget to ensure that a new budget is produced in line with corporate objectives.

#### **Proposed Use of Unused Revenue Resources**

3.4 Considering that the provisional outturn is indicating a contribution from general reserves of £38,000, it is expected that, if no allocations were made to Earmarked Reserves that the General Fund Balance at the 31<sup>st</sup> March 2014 would be £10.549m (this is £2.404m higher than the £8.145m estimated when the 2013/14 budget was approved in February 2013).

3.5 However, considering the service transformation that the Council is facing over the medium term and the proposal to provide additional investment in “revenue generating” capital projects, it is proposed that a total of £2.404m is transferred to Earmarked Reserves:

- The Special Reserve is increased to £2.2m (a contribution of £0.9m).
- A new “Capital Investment” Earmarked Reserve is established with a balance of £1.5m.

This would bring the General Fund balance to £8.145m, in line with the original budget.

#### **Variations in Revenue Spend**

3.6 Over the year, Heads of Service have provided an extensive commentary on the reasons for variations in their forecast outturn to the updated budget. Table 2 below illustrates the main reasons for the provisional outturn variances against the original budget. Only variances greater than £75,000 are shown separately.

#### 4. PROVISIONAL OUTTURN - CAPITAL

##### Provisional Capital Outturn compared to the Updated Budget

4.1 For all Council services, the provisional capital outturn is £10.111m; this takes into account all known cash adjustments.

At the time of writing this report, it is not expected that there will be any further accounting adjustments that will affect the provisional outturn. However, if such adjustments are required these will be reported at the final outturn stage.

4.2 The original 2013/14 Capital programme was £8.863m; however a further £3.040m was approved in February 2014 as part of the 2014/15 budget process giving an Updated Budget of £11.903m. Considering the aforementioned provisional capital outturn, the net impact is that expenditure is £1.792m less than the Updated Budget; this is illustrated in Table 3 below:

##### Proposed Use of Unused Capital Resources

4.3 The £1.792m unused capital programme (slippage) remains within the Councils working balances and can be applied to future years capital assets/investments within the requirements of the Councils Treasury Management Strategy.

## **Variations in Capital Spend**

- 4.4 Over the year, Heads of Service have provided an extensive commentary on the reasons for variations in their forecast capital outturn to the updated budget. Table 4 below illustrates the main reasons for the provisional capital outturn variances against the updated budget. Commentary is only provided on variances greater than £25,000.
