Subject: Use of the Octagon,Cattle Market,St Ives as a bar/cafe.

As residents of St Ives for 52 years we strongly object to the application for the granting of a drinks licence for the above proposal on the following grounds:

The site, completely surrounded by a large public carpark and bus station would result in disorderly behaviour and an increase in crime within this area.

The late closing time, especially 7 days a week, would result in an unacceptable public nuisance to the nearby residential properties.
