

HUNTINGDONSHIRE DISTRICT COUNCIL

Title:	3C Shared Services Update
Meeting/Date:	Overview and Scrutiny Panel (Performance and Customers) 1st February 2017
Executive Portfolio:	Executive Councillor for Commercialisation and Shared Services, Councillor D Brown
Report by:	Corporate Director (Services)
Wards affected:	All

Executive Summary:

This report provides an overview of what have we achieved in terms of realised benefits from Quarter 3 2016/17 of 3C Shared Services in terms of savings and other benefits identified in the business case in year 1 of operation

There are some issues regarding the delivery of savings set out in the business cases particularly with the ICT and Building Control services. The report finds the prospects of the 3C Shared Services achieving its targeted 15% savings for 2016/17 are not positive.

Issues have been identified with demand management in all services. The historic information regarding demand on services that was available at time of writing the business cases was not comprehensive and accurate enough.

It is recognised that it has taken longer to establish staffing arrangements for a range of reasons discussed in the report and this has impacted on the stability and performance of the operations. Quarter 3 has seen an improvement in recruitment with a permanent Head of Service now in place for 3C Legal and ICT.

The Panel is requested to note the report which is for information and comment.
