

**COMMENTS FROM OVERVIEW AND SCRUTINY PANEL (ECONOMY AND GROWTH) –
9th March 2017**

Huntingdonshire Design Guide

The Overview and Scrutiny Panel (Economy and Growth) received a report and presentation on the Huntingdonshire Design Guide. Members welcomed the Design Guide and were pleased that thought has gone into planning design.

The Panel expressed concern with regards to the perforated garage doors, in particular the ability of homeowners to change the doors and the security implications of the doors being see through. However Members did recognise the reasons for encouraging the use of perforated doors.
